

**A
TOUCH
BETTER**

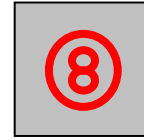

Short Description

- Real metal surface
- Cool touch
- 3D surface
- Backlight
- Short stroke
- Flat or Embossed

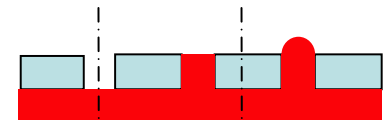

Bridge design

new Bridgeless design

Advantages

- More possibilities for design with the new bridgeless technology
- Very flat
- Good tactile feedback
- No finger print coating available

only Metal Flat Embossed

Considerations

- Scratches on polished surface
- Protection against fingerprints
- Guiding of big keys

Key Tech. Data

Actuating force [N]
Color of silicone
Metal surface finishing

- 1.2 – 4N
- Any color
- Polished, brushed, colored

Minimal Customer Input

- 2D-Drawing (dfx; pdf)
- 3D Database (igs; step)
- Artwork (eps; dxf)

Our Strengths

- High quality coating
