

ABCO 20

WELDED ALUMINUM CENTER CONSOLE

FEATURES:

- Completely welded marine grade aluminum
- Center console
- Internal floatation
- PVC rub rail with stainless fasteners
- Stem tow lug, 3 tie-up bars
- Internal safety rail
- Self bailing deck
- Forward locker
- 40 IG aluminum fuel tank

PARTICULARS:

- Length: 20'- 2"
- Beam: 8'- 2"
- Weight: Approximately 2200#

OTHER BOATS BUILT BY ABCO

Advantages of Aluminum Construction:

- High strength to weight ratio particularly suited for high speed applications
- High impact resistance, tough, very durable, particularly well suited for commercial applications
- Does not rot, delaminate, chip, soak water
- Does not support combustion
- Minimal upkeep and maintenance requirements
- Painting required only for antifouling or cosmetics
- Relative ease of repair
- Relative ease of customization
- Certified welding to Canadian Welding Bureau CSA W47.2 for aluminum
- Manufactured in accordance with ABCO's documented Quality Assurance System

Specifications subject to change without notice. July/09
