

ABCO 18

WELDED ALUMINUM LANDING CRAFT

PERFORMANCE & SAFETY

FEATURES:

- Welded marine grade aluminum
- Center console with windshield and top
- Self bailing non skid deck
- Internal floatation
- Outboard well and guard
- 4' wide bow door
- Push knees and tow post

PARTICULARS:

- Hull Length: 6 m (19' 8")
- Beam: 2.6 m (8' 6")
- Transom Deadrise 14 degrees
- Rec. HP: 100 minimum
- Transport Canada (TP1332) compliant
- Can be customized
- Alternate lengths available

This is a tough, rugged boat ideal for the serious sportsman,
aquaculture and commercial uses.

Designed and manufactured by ABCO

Advantages of Aluminum Construction:

- High strength to weight ratio particularly suited for high speed applications
- High impact resistance, tough, very durable, particularly well suited for commercial applications
- Does not rot, delaminate, chip, soak water
- Does not support combustion
- Minimal upkeep and maintenance requirements
- Painting required only for antifouling or cosmetics
- Relative ease of repair
- Relative ease of customization
- Certified welding to Canadian Welding Bureau CSA W47.2 for aluminum
- Manufactured in accordance with ABCO's documented Quality Assurance System

Specifications subject to change without notice. Nov /14
