ACW
MANUFACTURED IN USA

FIRELOC™ HEAT STABILIZED PRODUCTS

When you are in the heat of a situation, you can feel confident with ACW products.

ACW has expanded their plastic hardware line, which is designed primarily for high-heat applications. These heat stabilized items have been tested and approved by Underwriters Laboratories for use in the United States and Canada. ACW stock numbers, item descriptions and UL/ULC certified standards of safety are listed in this catalog.
