

## **Hercules HC Update**

**Version 1.04**

**Release Date: 01/16/2016**

Hercules-HC OS v1.04

Code-Fix(s):

1. Resolves an issue with the Hercules HC not maintaining access to flash memory greater than 16Kb in size. This issues caused intermittent performance issues with connected 3 and 4 button PODS modules and their ability to maintain addresses. Version 1.04 of the Hercules OS resolves this issue
