Any dispute over any question of fact or law arising under this Order shall be governed by the laws of the State of New York, except that any clause in ITEM 2 of this Order (i.e., FAR, DFARS, NFS, FAA AMS or other U.S. Government contract clauses and certifications) shall be construed and interpreted according to the federal common law of government contracts as enunciated and applied by federal judicial bodies, boards of contract appeals, and quasi-judicial agencies of the Federal government.

Seller consents to personal jurisdiction in Indiana and any litigation under this Order, if commenced by Seller, must be brought exclusively in a Court of competent jurisdiction in the State of Indiana, without regard to conflicts of law principles. The Parties hereby mutually agree to waive their respective rights to trial by jury. The rights and remedies herein reserved to Buyer shall be cumulative and additional to any other or further rights and remedies provided in law or equity. Subject to any specific provisions in this Order, including clause 46(e), Seller shall be liable for any damages incurred by Buyer as a result of Seller's failure to perform its obligations in the manner required by this Order.

The Parties specifically disclaim application to this Order of the United Nations Convention on Contracts for the International Sale of Goods.

### 11. CHANGES AND EQUITABLE ADJUSTMENTS:

- (a) Buyer may at any time and without notice to third parties, including sureties (if any), by written instructions from Buyer's Representative to Seller, unilaterally make changes to these terms and conditions and/or in the Services to be performed or the Items to be furnished hereunder in any one or more of the following:

During performance of this Order, Seller shall not make any changes in the Services to be performed or in the design of Items or manufacturing of Items to be furnished by Seller under this Order, including any changes to the process, manufacturing location, or use of suppliers, without advance notification to and written approval of Buyer. Items or Services that have changed without prior notification and consent shall be nonconforming Items or Services under this Order. Changes shall not be binding upon Buyer, except when confirmed in writing by a member of Buyer's Representative. The issuance of information, advice, approvals or instructions by Buyer's technical personnel or other representative shall be deemed expressions of personal opinion only, and shall not affect Buyer's and Seller's rights and obligations hereunder, unless the same is in writing signed by Buyer Representative and which expressly states that it constitutes an amendment to this Order. If Seller considers that Buyer's conduct constitutes a change, Seller shall notify Buyer's Representative immediately in writing as to the nature of such conduct and its effect upon Seller's performance.

If any change under this Article causes an increase or decrease in the allocation of hours by labor category, change to material costs anticipated or the time required for performance of the Order, an equitable adjustment to the Order price and/or delivery schedule may be made and the Order modified in writing accordingly, provided however, that any equitable adjustment in price to which Seller may be entitled as a result of an increase in the quantity of Items or Services ordered shall not exceed the funded value or unit price established for such Items or Services herein. Buyer may, in its sole discretion, increase the funded value and may consider any such claim regardless of when asserted, except that no claim for equitable adjustment shall be allowed after final payment of this Order. Consistent with Article 10, for any claims seeking an equitable adjustment or other relief in excess of \$100,000 submitted by Seller under this Order, Seller shall submit to Buyer a signed certificate that states as follows, substituting Seller's legal name where indicated:

"I certify that the claim is made in good faith; that the supporting data are accurate and complete to the best of my knowledge and belief; that the amount requested accurately reflects the Order adjustment for which [Seller] believes Buyer is liable; and that I am duly authorized to certify the claim on behalf of [Seller]."

If requested by Buyer, Seller shall identify that portion of its claim for which it believes the Government is liable and shall execute the certification above, substituting "the Government" for "Buyer" as to such amount.

If Buyer and Seller are unable to agree upon an equitable adjustment in the event of any change directed by Buyer, the matter will be resolved in accordance with the disputes provisions of Article 10. Nothing contained herein, including failure of the Parties to agree upon any equitable adjustment to be made under this Article, shall excuse Seller from proceeding without delay with the Order as changed by Buyer's written direction.

- (d) Pending any prosecution, appeal, or final decision or settlement of any dispute arising under this Order, Seller shall proceed diligently, as directed by Buyer, with the performance of this Order.
- (e) Nothing in this clause nor any authorization or offer that may be made shall be deemed to constitute acceptance or acknowledgment by Buyer of the validity of Seller's claim or any part thereof, nor be deemed to limit or in any way to restrict Buyer from taking any actions, including available remedies, it deems appropriate to protect its own interests.
- (f) As used in this clause, the word "appeal" means an appeal taken under the Contract Disputes Act of 1978, as amended.

In the event that an employee of Seller should prove to be unsatisfactory during that employee's first 80 billable hours of work on Buyer's Order, Buyer may request the removal of Seller's employee from performance of the Order with no billable charges incurred.

- (b) Except for latent defects, Seller guarantees all Services and Items, parts, components, and assemblies furnished hereunder against any defects in design, material, or workmanship for eighteen (18) months from the date of acceptance at Buyer's location. In the case of latent defects, Buyer's rights to corrective action by Seller shall commence upon Buyer's discovery of the latent defect and notification of Seller thereof.
- (c) Neither approval by Buyer of Seller's design or material used nor Buyer's inspection of same shall relieve Seller from any obligations under the warranties set forth in this Article.
- (d) The word "Item(s)" as used herein includes parts, components, assemblies, materials, equipment, services and data required under this Order.
- (e) Any Services or Item(s) corrected or replaced pursuant to this Article shall be subject to all provisions of this Article to the same extent as Services and Item(s) initially delivered.
- (f) The aforesaid warranties shall survive acceptance and payment and shall run to Buyer, its customers and the users of these Services and Item(s) and shall not be deemed to be the exclusive rights of Buyer but shall be in addition to other rights of Buyer under law, equity, and the terms of this Order.
- (g) Seller shall furnish Buyer a certificate of Seller's compliance with these Article 19 warranty conditions upon Buyer's request.

#### 20. QUALITY CONTROL/INSPECTION/REJECTION/ ACCEPTANCE:

- (a) Seller shall establish and maintain a quality management system acceptable to Buyer for the Items or Services purchased under this Order. Seller shall permit Buyer to review procedures, practices, processes and related documents to determine such acceptability. Seller shall have a continuing obligation to promptly notify Buyer of any violation or deviation from Seller's approved inspection/quality control system and to advise Buyer of the quantity and specific identity of any Items or Services provided to Buyer during the period of any such violation or deviation. Seller will maintain the accepted quality management system throughout the duration of the Order. If Seller is cited for compliance violations. Seller shall within forty-eight (48) hours so notify Buyer and within sixty (60) days must rectify the non-compliance issues. If the violation is not corrected and certification has not taken place within this time frame, then Buyer at its sole discretion may terminate this Order. Seller will notify Buyer of any significant changes that affect quality within twenty-four (24) hours of that change. These changes include - but are not limited to change in key management or personnel, change in source of supply of key materials, change in address or site configuration.
- (b) Buyer and/or its customer, to the extent practicable at all times and places including the period of manufacture or performance, may inspect and test material, work in process, services, and supplies. This Order may include requirements for design, test, inspection, verification (including production process verification), use of statistical techniques for product acceptance, and related instructions for acceptance by Buyer, and as applicable critical items including key characteristics and requirements for test specimens (e.g., production method, number, storage conditions) for design approval, inspection/verification, investigation or auditing. This Order grants Buyer and its customer the right to so inspect and test, but not the obligation. Seller retains the obligation to ensure proper inspection and testing.
- (c) Seller shall not provide non-conforming Services or Items. Buyer shall have the right to reject any Services or Items or lots of Items which it determines are defective in material or workmanship or otherwise not in conformity with the requirements of this Order and to require their correction or replacement, or to provide other disposition direction for the non-conforming Services or Items. Rejected Services or Items shall be removed or if permitted or required by Buyer, corrected in place by and at the expense of Seller promptly after notice, and shall not thereafter be tendered for acceptance unless the former rejection or requirement of correction is disclosed. If Seller fails to promptly replace, correct, or remove such Services or Items or lots of Items which are required to be removed, Buyer may:

- replace or correct such Services or Items and charge to Seller the cost occasioned Buyer thereby;
- pay for such Services or Items at a reduced price which is equitable under the circumstances;
- (3) cancel this Order, or any portion thereof, for default as provided in Article 16; or
- (4) exercise any other applicable rights or remedies.
- d) If Buyer rejects any Services or Items as non-conforming, and Seller fails to inform Buyer in writing of the manner in which Seller desires that Buyer dispose of non-conforming Services or Items within fortyeight (48) hours of notice of Buyer's rejection of non-conforming Services or Items (or such shorter period as is reasonable under the circumstances), Buyer will be entitled to dispose of the nonconforming Services or Items without liability to Seller, provided, however, that in any event Buyer may elect to arrange for the shipment of any non-conforming Services or Items back to Seller at Seller's expense. Seller will bear all risk of loss with respect to all non-conforming Services or Items, and will promptly pay or reimburse all costs incurred by Buyer to return, store or dispose of any nonconforming Services or Items.
- (e) Buyer's payment for any non-conforming Items or Services will not constitute acceptance by Buyer, limit or impair Buyer's right to exercise any rights or remedies, or relieve Seller of responsibility for the non-conforming Items or Services. In the event Buyer decides for any reason to accept non-conforming Items or Services, any costs incurred by Buyer testing, evaluating and manufacturing, relating to the design changes to any of the Items or Services, shall be responsibility of Seller, and Seller may not pass along any costs in relation to the design change(s).
- If any inspection or test is made by Buyer and/or its customer on the premises of Seller or a lower tier subcontractor, Seller without additional charge shall provide all reasonable facilities and assistance for the safety and convenience of Buyer and/or customer inspectors in the performance of their duties. In the case of rejection, Buyer shall not be liable for any reduction in value of samples used in connection with such inspection or test. All inspections and tests by Buyer and/or its customer shall be performed in such a manner as not to unduly delay the work. Buyer reserves the right to charge to Seller any additional cost of inspection and test when Items or Services are not ready at the time such inspection and test was requested by Seller or when reinspection or retest is necessitated by prior rejection. Unless otherwise provided herein, final inspection and acceptance or rejection of Items or Services shall be made as promptly as practicable after delivery to Buyer's facility. Buyer's failure to inspect or accept or reject Items or Services in a timely manner shall neither relieve Seller from full compliance with all requirements of this Order, nor impose responsibility on Buyer therefore.
- (g) Seller shall provide and maintain an inspection system acceptable to Buyer covering the Items or Services hereunder. Records of all test and inspection work by Seller shall be kept complete and available to Buyer and/or its customer for six (6) years following completion of an order, or for a longer period of time if required to comply with FAR 4.703. Such records shall be stored, maintained and handled in accordance with the requirements set forth in FAR 4.805.
- (h) Inspection and test by Buyer or its customer of any Services or Items or lots thereof does not relieve Seller from any responsibility regarding defects or other failures to meet Order requirements which may be discovered prior to acceptance or during the warranty period set forth in Article 19. In the event Seller discovers a Service or Item is non-conforming subsequent to performance or delivery, Seller shall promptly notify Buyer. Disposition shall be in accordance with paragraphs (c) and (d) of this Article.
- (i) If, prior to or at the time of final acceptance or within the warranty period, it was known or should be known by Buyer that said Items or Services would not or did not conform to the requirements of this Order, final acceptance shall not be construed as a waiver of any rights Buyer may have with respect to the Items or Services purchased under this Order, notwithstanding the failure of Buyer to timely inform Seller of such nonconformance.
- (j) Final acceptance by Buyer of the Items or Services provided hereunder shall take place only after complete delivery of all Items or Services in accordance with the delivery schedule specified herein or later agreed upon by the Parties in writing and after final inspection of those Items or Services by Buyer and Buyer's customer. Final acceptance shall be contingent upon agreement by Buyer and Buyer's customer that the Items or Services conform to the requirements of

this Order. Final acceptance by Buyer shall be conclusive, except for latent defects, negligent or intentional misrepresentations by Seller that a nonconformity or defect would be or had been cured or did not exist, acceptance induced by false or negligent assurances of Seller, or as otherwise provided in this Order or applicable law. Seller shall not consider acceptance to be Buyer's Final acceptance until Buyer issues a Final Acceptance Document. Final acceptance by Buyer of the Items or Services delivered hereunder shall not limit or affect the warranty or indemnity granted by Seller hereunder.

**21. ITEM CONTENT:** Seller agrees to provide to Buyer all Item content information required to satisfy both Buyer's content reporting obligations and Buyer's customers' reporting obligations.

#### 22. RISK OF DAMAGE/INDEMNIFICATION/INSURANCE: All

23. MODIFICATION OF ORDER: This Order contains all the agreements of the Parties with respect thereto and no course of dealing or usage of the trade shall be applicable unless expressly incorporated in this Order. The terms and conditions contained in this Order may not be added to, modified, superseded or otherwise altered except by a written instrument signed by Buyer Representative and delivered by Buyer to Seller. Modifications of this Order shall be handled pursuant to Article 11 "Changes and Equitable Adjustments". Each shipment received from Seller shall be deemed to be exclusively upon the terms and conditions contained in this Order notwithstanding any terms and conditions that may be contained in any acknowledgment, invoice, correspondence or other documents of Seller, and notwithstanding Buyer's act of accepting or paying for any shipment or similar act of Buyer.

24. NO WAIVER OF CONDITIONS: Buyer's failure to insist upon or enforce strict compliance by Seller with any aspect of this Order shall not be deemed a waiver or relinquishment to any extent of any of Buyer's right to assert or rely upon any such provisions or rights in that or any other instance; rather, the same shall remain in full force and effect. Waiver of a right under this Order shall not constitute a waiver of any other right, waiver or default under this Order.

**25. OFFSET/COUNTERTRADE CREDIT:** In connection with the sale of Buyer's Items to certain foreign government customers, Buyer may incur direct and/or indirect offset/countertrade obligations. Seller hereby exclusively grants to Buyer all offset or countertrade credit that may be obtained from this Order, or from Seller's placement of its purchase orders and subcontracts, for Buyer's use on the offset/countertrade program of Buyer's choice. Buyer retains the right to assign any such offset or countertrade credits to third parties. Seller shall include this clause, for the benefit of Buyer, in all lower-tier purchase orders and subcontracts awarded in the performance of this Order. Seller shall maintain a record of its purchases under this Order or subcontract and Buyer reserves the right to review such record not more often than every six (6) months to determine

offset availability. This Article 25 shall survive two (2) years beyond the completion of this Order.

**26. #### 27. PATENT/INTELLECTUAL PROPERTY INDEMNITY BY

SELLER: Seller warrants that the Items and Services performed and delivered under this Order will not infringe or otherwise violate the intellectual property rights of any third party in the United States or any foreign country. For Items and Services delivered hereunder, Seller shall be liable for, defend, indemnify and hold harmless Buyer, and each subsequent purchaser or user thereof, from all loss or damage of any kind (including all costs and expenses including attorneys' fees) arising out of any and all allegations, actions, proceedings, claims, or awards for any infringement, misappropriation, or wrongful use suit or action, including, without limitation, any proceeding under 28 U.S.C. § 1498, alleging that manufacture, use or sale infringes any patent, trademark, copyright, trade secret, mask work right or other proprietary or intellectual property right (collectively "Infringement Claim(s)") in connection with any Items, software or data furnished hereunder, whether such are provided alone or in combination with other Items, software or processes. Seller hereby agrees to defend any and all such actions, at Seller's expense, if requested to do so by Buyer. If, however, the Infringement Claim arises as a necessary consequence of Seller's compliance with Buyer's drawings and specification, which describe that aspect of the Items and Services upon which the Infringement Claim is based, Seller shall have no obligation to indemnify Buyer.

Seller and Buyer agree to notify each other as soon as they become aware of a challenge of infringement or wrongful use in connection with any such Items, software or data furnished hereunder. Seller, if required to indemnify Buyer under this Article, shall promptly assume and diligently conduct the entire defense of such Infringement Claim at its own expense. Buyer shall have the right to reasonably reject counsel selected by Seller and the right to reject any settlement that would negatively impact Buyer as determined solely by Buyer. Buyer shall have the right to participate with Seller in determining the strategy to defend any such suit or action, and shall have the right, with the permission of the court, to intervene in any such Infringement Claim.

Notwithstanding any of the above provisions, Buyer shall have the further right, at its own election, to supersede Seller in the defense of any such alleged infringement and thereafter to assume and conduct the same according to Buyer's sole discretion. Upon Buyer's election, Seller shall be released from its obligation to pay for attorneys fees and court costs. Further, Seller, if requested in writing by Buyer, shall cooperate with Buyer in Buyer's defense of any alleged infringement claim.

If the use or sale of such Item or Services, in respect to which Seller indemnifies Buyer, is enjoined as a result of such action or proceeding, Seller, at no expense to Buyer, shall obtain for Buyer and its customers, the right to use and sell said Item or Services or shall substitute an equivalent Item or Service acceptable to Buyer and extend this patent indemnity with respect to such equivalent Item or Service. In the event that Seller is unable to secure such right of use for Buyer or its customer or to secure an equivalent Item or Service as a substitute, Seller will indemnify Buyer and its customer for any and all losses or damages sustained by reason of such injunction.

Seller's obligation to defend, indemnify, and hold harmless Buyer and its customers under this Article shall not apply to the extent FAR 52.227-1 "Authorization and Consent" applies to Buyer's Government Contract for infringement of a U.S. patent and Buyer and its customers are not subject to any actions for claims, damages, losses, costs, and expenses, including reasonable attorneys fees by a third party.

#### 28. RIGHTS IN DATA AND INVENTIONS:

(a) All specifications, information, data, drawings, software and other items supplied to Buyer by Seller shall be disclosed to Buyer on a non-proprietary basis and may be used and/or disclosed by Buyer without restriction, unless:

- (1) otherwise required by the U.S. Government Regulations included in Item 2 hereto, or
- (2) Buyer has executed a separate agreement restricting the use and disclosure of such information, data, software and the like.
- (b) Unless otherwise expressly agreed in writing to the contrary and subject to this Article 28(d) below, all specifications, information, data, drawings, software and other items which are: supplied to Seller by Buyer, or obtained or developed by Seller in the performance of this Order or paid for by Buyer, shall be proprietary to Buyer, shall be used only for purposes of providing Items or Services to Buyer pursuant to this Order, and shall not be disclosed to any third party without Buyer's express written consent. All such Items supplied by Buyer or obtained by Seller in performance of this Order or paid for by Buyer shall be promptly provided to Buyer on request or upon completion of this Order.
- (c) Subject to this Article 28(d) below, any invention or intellectual property first made or conceived by Seller in the performance of this Order or which is derived from or based on information supplied by Buyer shall be considered to be the property of Buyer and Buyer shall own all right, title, and interest in such property. Seller shall execute all documents necessary to perfect Buyer's interest in and title thereto, including, without limitation, assigning any and all right, title and interest Seller has in any subject property to Buyer. Seller shall ensure that any third party with whom Seller has subcontracted to deliver Items or Services also executes and assigns any and all rights, titles, and interest in any such intellectual property to Buyer. Subject to this Article 28(d) below, any work performed pursuant to this Order which includes any copyright interest shall be considered a "work made for hire."
- (d) Applicable Government procurement regulations incorporated into this Order shall, when applicable, take precedence over any conflicting provision of this Article 28 to the extent that such regulations so require. The incorporation by reference of such Government regulations dealing with subcontractors rights in technical data, subject inventions, copyrights, software and similar intellectual property are not intended to, and shall not, unless otherwise required by applicable law, obviate or modify any greater rights which Seller may have previously granted to Buyer pursuant to prior agreements between the Parties.

- (b) In the event Seller discontinues manufacture of the aforementioned Items, subassemblies and spare parts therefore, and does not provide for another qualified source, Seller shall give Buyer not less than six months notice of such decision to discontinue and thereupon make available to Buyer all drawings, specifications, data, and know how which will enable Buyer or its customers to manufacture or procure said Items, subassemblies and spare parts under a royalty free license which is hereby granted.

**30. SHIPPING INSTRUCTIONS:** Seller shall comply with Buyer's routing and shipping instructions. If Buyer's routing and shipping instructions are not attached to the Purchase Order or have not been previously received by Seller, Seller shall immediately request the Instructions from Buyer. Seller shall remain liable for any and all additional charges which accrue as a result of Seller's failure to comply with Buyer's Routing and Shipping Instructions.

#### 31. SUSPENSION OF WORK:

- (a) Buyer shall have the right to direct Seller in writing to suspend all or any part of the work for a period of time not to exceed ninety (90) days, and for any further period as the Parties may agree, unless extended by Buyer's customer. Upon receipt of the written notice, Seller shall immediately comply with the terms of the notice and shall take all reasonable measures to mitigate the costs allocable to the suspended portion of the work.
- (b) If work is suspended, an adjustment may be made in accordance with the provisions of Article 11 for any increase in the time and the cost (exclusive of profit) of performing this Order necessarily caused by such suspension prior to incurrence of costs in excess of the funded

value, and this Order may be modified in writing accordingly. In no event, however, is Buyer obliged to increase the funded value, therefore Seller shall ensure costs never exceed the funded value.

(c) A claim shall not be allowed under this Article unless the claim, in an amount stated, is asserted in writing within thirty (30) days after Buyer's issuance of the notice of termination of the suspension. Suspension may only be terminated by written notice from Buyer, regardless of the expiration of the original or extended suspension period. When the suspension has been terminated, Seller shall immediately commence performance, notwithstanding the fact that there is no agreement as to a revised schedule or the cost of completing this Order.

**32. TAXES:** Unless otherwise notified by Buyer in writing, the price of this Order includes and Seller shall be responsible for the payment of any Federal, State, and Local taxes, duties, tariffs, transportation taxes, or other similar taxes or fees which are required to be imposed upon the Items or Services ordered hereunder by Buyer or Buyer's customer, unless Seller obtains any applicable exemptions. Seller shall maintain a current inventory list of the foregoing. Except for tools, material and information owned by the Government or to which the Government has unlimited rights, any such item or any materials or any engineering data or other technical or proprietary information related thereto furnished by or paid for by Buyer shall: (a) become and shall be identified as property of Buyer, (b) be held by Seller on consignment at Seller's risk, (c) be used exclusively in the production and/or provision for Buyer of Items and/or Services required by this Order, and (d) be subject to disposition by Buyer at any and all times and upon demand they shall be returned to Buyer. #### **35. FURNISHED PROPERTY:**

- (a) Buyer may provide to Seller property owned by either Buyer or its customer (Furnished Property) as set forth in the Order. Furnished Property shall be used only for the performance of this Order, or for the performance of a direct contract between Buyer's customer and Seller where Seller has obtained specific approval from Buyer's Customer authorizing such use.

#### ITEM 2 – FAR, DFARS, NFS AND/OR FAA AMS CLAUSES APPLICABLE IF THIS ORDER IS PLACED UNDER BUYER CONTRACT CONTAINING SUCH CLAUSES

In addition to the provisions of Item-1, the following provisions shall apply as required by the terms of Buyer's Government Contract or by operation of law or regulation. Buyer is flowing down to Seller certain provisions and clauses from the Federal Acquisition Regulation (FAR), Department of Defense FAR Supplement (DFARS), NASA FAR Supplement (NFS) and FAA Acquisition Management System (AMS) (all herein "USG Clauses"). These USG Clauses are hereby incorporated by reference, as applicable, and in the manner set forth below (including any parenthetical information and Numbered Notes). USG Clauses inapplicable to the performance of this Order under Buyer's Government Contract are self-deleting. If the date and/or substance of a USG Clause is different than the date or substance of the clause incorporated in Buyer's Government Contract, then the date and/or substance of the clause incorporated in Buyer's Government Contract shall apply instead. The Parties hereby agree to amend this ITEM 2 to include any additional or revised USG Clauses incorporated in Buyer's Government Contract that are applicable to the performance of this Order. The Parties shall handle any such amendments of this ITEM 2 under Article 11 "Changes and Equitable Adjustments" of this Order. Seller shall flow down to its lower-tier subcontractors all applicable USG Clauses and any other requirements of this Order and applicable law so as to enable and ensure that Buyer and Seller comply with all applicable requirements of Buyer's Government Contract.

It is intended by the Parties that these USG Clauses shall apply to Seller in such manner as is necessary to reflect the position of Seller as a subcontractor to Buyer, and to insure Seller's obligations to Buyer and to the Government, and to enable Buyer to meet its contract obligations to the Federal Government. Consequently, in interpreting and applying USG Clauses flowed down to Seller, and as context requires, the terms "Contractor" and "Offeror" shall mean Seller, the term "Contract" shall mean this Order, and the term "Government", "Contracting Officer" and equivalent phrases shall mean Buyer and/or Buyer Representative. However, as an exception to the foregoing, the terms "Government" and "Contracting Officer" do not change in the following circumstances:

- (a) in the phrases "Government Property," "Government-Furnished Property," and "Government-Owned Property,"
- (b) in the Patent Rights clauses incorporated therein, if any;
- (c) when a right, act, authorization or obligation can be granted or performed only by the Government or a Contracting Officer or his/her duly-authorized representative;
- (d) when title to property is to be transferred directly to the Government;
- (e) when access to proprietary financial information or other proprietary data is required, except as otherwise provided in this Order; and
- (f) where specifically modified in this Order.
- USG Clauses flowed down by Buyer to Seller pursuant to this

provision may require submission of certificates. All such required representations and certifications made by Seller in connection with flow down of USG Clauses, including all such certifications submitted by Seller with its offer, are hereby incorporated in this Order by reference. Seller shall, with respect to applicable USG Clauses flowed down pursuant to this provision, furnish to Buyer (or directly to the Government upon request of Buyer) any certificate required to be furnished by any USG Clause and any certificate required by any further U.S. law, ordinance, or regulation with respect to Seller's compliance with the terms and provisions of U.S. laws, ordinances, or regulations. As used in this paragraph, the word "certificate" shall include any plan or course of action or record keeping function, as, for example, a small business subcontracting plan for which flow down is required.

Seller shall indemnify and hold Buyer harmless from and against any price reduction in Buyer's Government Contract, as well as Buyer's reasonable attorney fees and other direct costs to defend Government Contract claims when said reduction is attributable to the failure of Seller or Seller's subcontractors to properly discharge applicable duties under the Truth in Negotiation Act and Cost Accounting Standards clauses incorporated by reference in accordance with this provision.

The notation [M] after a FAR Clause name (or Alternate) indicates that the FAR *requires* the clause to be flowed down to subcontracts, or requires the contractor to certify the subcontractor's compliance.
