# Stefan Reiner becomes Managing Director of ALBIS Plastic Vertriebsgesellschaft mbH

**Hamburg, 25. January 2016.** Stefan Reiner has taken over management of ALBIS Plastic Vertriebsgesellschaft mbH, Austria, a subsidiary of ALBIS PLASTIC GmbH. Reiner, who was previously responsible for the European Automotive Segment of Nexeo Solutions, has taken over management for the Austria sales region, and also provides support for the markets in Slovenia, Croatia, Serbia, Montenegro, Bosnia-Herzegovina, Macedonia, Albania and Greece. "With Mr. Reiner we have gained a colleague who has experience in international markets, and is also very familiar both with the application-related components of the business as well as with the sale of plastics", states Kay Bringmann, Director Regional Sales Central at ALBIS PLASTIC.

Austria is very important in the DACH region, as the market offers a wide range of well-positioned medium sized manufacturers, alongside established industry hubs such as Linz and a strong mechanical engineering sector. In addition, the associated (south) Eastern European markets offer plenty of growth potential. "I'm looking forward to the new challenges. The market situation is very promising, and offers strong growth opportunities, especially in the technical plastics business. Our team of sales experts and technically experienced sales representatives are well-equipped for this task", comments Stefan Reiner, Managing Director of ALBIS Plastic Vertriebsgesellschaft mbH.
