

Microwave Engineering Europe is the leading medium available both in print and digital format for reaching design engineers and management working in the RF, microwave and wireless industry in Europe. The magazine highlights the significant design methodologies, strategies and new products, engineers need, to gain a competitive advantage.

Each issue carries a balance of how-to editorial material through feature articles, news and new products for designers responsible for defining systems, selecting enabling technologies as well as hardware and software components.

Microwave Engineering Europe evolves with the fast paced RF and microwave markets, helping European engineers to stay at the forefront of their profession. As the demand for development in wireless products continues to grow, the

demand on engineers intensifies and time-to-market cycles continue to shorten. Today engineers need to be able to quickly source components and software as well as test equipment from the global market and Microwave Engineering Europe is where they go for such information.

The highest quality editorial in MWEE guarantees that the magazine plays a pivotal role in designers' and developers' jobs, updating them on the latest technologies and allowing them to make valued and informed recommendation and buying decisions.

The microwave-eetimes.com website together with the weekly newsletters deliver practical design techniques, daily industry news, how-to features and new product updates.

Issue	Publishing Date	Technology Focus	Editorial Deadline	Advertising Deadline	Material Deadline	Shows 2017
January/February	February 20	Nanotechnology Test & Measurement	January 27	February 6	February 9	Mobile World Congress , Barcelona, February 27- March 2 EMV, Stuttgart , March 28-30 Microwave & RF- Paris Expo , Paris March 22-23
March/April	April 10	Wireless Infrastructure	March 17	March 24	March 27	SMT, Nuremberg , May 16-18
May/June	May 22	Antennas	April 26	May 5	May 8	IMS 2017 , Honolulu, Hawaii, June 4-9
July/August	July 3	Test & Measurement CAD/EDA Software	June 9	June 16	June 19	IMS Review
September	Sept 11	Microwave Components Wireless Infrastructure	August 18	August 25	August 28	European Microwave Week , Nuremberg, September 8-13 EDICON , Boston, September 11-13 IBC 2017 , Amsterdam, September 14-18
October	October 9	Radar and Satellite Road to 5G	September 15	September 22	September 27	
November/December	November 6	Wireless Sensors/Networks Microwave Materials	October 11	October 18	October 21	Productronica 2017 , Munich, November 14-17
