Network CAT 5 Products - keystone jacks

Tech Tips and Info

Unshielded (UTP) vs. Shielded (STP) Twisted Pair Cables

Shielded cables protect data against electromagnetic interference and radio-frequency interference (EMI/RFI). In "noisy" environments it is recommended that STP cables be used in order to keep data in its original form.

Choosing Solid & Stranded Patch Cables

1. Use UTP Solid Cables for runs between 2 wiring closets or from the wiring closet to a wall plate. They should not be flexed, bent, or twisted repeatedly.
2. Use Stranded Patch Cables to connect workstations to the wall plate with patch panels and other equipment such as hubs. They are excellent for applications that require repeated flexing.
3. Since attenuation is higher in stranded cables than in solid conductor cables, the stranded cable runs should be minimized to reduce the chance of introducing more attenuation into the system.

Fiber Optic Cables

Fiber Styles: Fiber optic cable is offered in two basic styles: Single-Mode and Multi-Mode. Single-Mode fiber is generally used in long distance, high-capacity voice applications like telephone transmission. Single-Mode fiber is also used in new long distance gigabit networking applications. Multi-Mode fiber is the computer industry standard for data applications, including most local area networks or LANs.

Fiber Advantages: Fiber offers some superb advantages to copper cable. It has the ability to move massive amounts of data at very high speeds without electro-magnetic or radio frequency interference. It is compact, highly secure and maintains excellent data integrity even over great distances.

FDDI (Fiber Optic Distributed Data Interface): FDDI is the standard that establishes minimum performance characteristics for cable fiber sizes and its recommended redundant ring topology.

Fiber optic cable typically comes in pairs, with one fiber for data transmission, and the other of receiving. Zipcord, or duplex cabling is common within fiber networks, and consists of two fiber strands molded together.

Construction: The heart of the fiber optic cable is the glass fiber itself. This glass strand, called the Core, is surrounded by additional glass or Cladding, shown in the illustration. The light pulses of data travel down the cable within the core, while the cladding reflects errant light waves back into the core.

Fiber is described in specific diameter terms using micron measurement, such as 62.5/125. This particular cable would have a core diameter of 62.5 microns, and an overall diameter, combining core and cladding, of 125 microns.

Fiber cables can also have a Tight Buffer or a Loose Buffer. A tight buffer is a plastic coating directly on the glass itself that is break resistant. Most indoor fiber cable is tight buffered. Loose buffer construction permits expansion and contraction of the cable without damage to the optical fiber, and is ideal for outdoor applications.

Strength Members are used to increase the durability of a fiber cable. Primarily for indoor installations, they allow the cable to support itself during installations and while hanging.

The Outer Jacket typically consists of either Plenum or PVC. PVC is commonly used for outdoor or external cabling, while Plenum is required for cabling through airways and walls.

Outdoor cable can have additional features, such as corrugated steel armor for protection against rodents and below-ground hazards.

What cable to use and what features it should have will depend on your individual needs on the particular installation environment. What ever you require, you can be sure that CALRAD will deliver!

Fiber Optic Cable Cross Section

CAT 5e
72-305 8 POSITION FEMALE TO FEMALE KEYSTONE FEED-THRU JACK
CAT5e RJ45 female to female feed-thru. Color: black.

6-POSITION UL KEYSTONE MODULAR JACK
IDC type meets level 3 & 4 requirements. 30 microns gold plated contacts and ABS material UL94/A-O. Suitable for 22-26 AWG wire. Will work as a 4 position jack.
72-100-BK..... black
72-100-IV..... ivory
72-100-WH..... white

8-POSITION UL KEYSTONE MODULAR JACK
IDC type meets level 3 & 4 requirements. 30 microns gold plated contacts and ABS material UL94/A-O. Suitable for 22-26 AWG wire.
72-101-BK..... black
72-101-IV..... ivory
72-101-WH..... white

UL 350MHz, RJ45 ENHANCED 90° KEYSTONE JACKS
Gold plated 50 microns.
72-102-BK-E90..... black
72-102-BU-E90..... blue
72-102-GN-E90..... green
72-102-IV-E90..... ivory
72-102-OR-E90..... orange
72-102-RD-E90..... red
72-102-WH-E90..... white
72-102-YL-E90..... yellow

Network CAT 5 Products -

rubber boots, surface
mounts, keystone
jacks & inserts

CAT 5e

UL 350MHz, RJ45 ENHANCED KEYSTONE JACKS

Gold plated 50 microns.

72-102-BK-E.....	black
72-102-BU-E.....	blue
72-102-GN-E.....	green
72-102-IV-E.....	ivory
72-102-OR-E.....	orange
72-102-RD-E.....	red
72-102-WH-E.....	white
72-102-YL-E.....	yellow

RJ45 SNAGLESS RUBBER BOOTS

Available in black, blue, ivory, orange, red, white or yellow. Used with round cable.

72-104-BK.....	black
72-104-BU.....	blue
72-104-IV.....	ivory
72-104-OR.....	orange
72-104-RD.....	red
72-104-WH.....	white
72-104-YL.....	yellow

FIELD INSTALLABLE 2-PIECE SNAP-ON RJ45 SNAGLESS BOOTS

72-105-BK.....	black
72-105-BU.....	blue
72-105-IV.....	ivory
72-105-OR.....	orange
72-105-RD.....	red
72-105-WH.....	white
72-105-YL.....	yellow

CAT 5e

SINGLE ENHANCED SURFACE MOUNT JACK

Up to 350MHz PCB surface mount jack with 110 IDC, allows for quick and easy installation. UL certified to meet EIA/TIA 568A or B, TSB 40A specifications. 1 RJ45 jack. Includes mounting hardware.

72-107-WH.....	white
----------------	-------

CAT 5e

DUPLEX ENHANCED SURFACE MOUNT JACK

Up to 350MHz PCB surface mount jack with 110 IDC, allows for quick and easy installation. UL certified to meet EIA/TIA 568A or B, TSB 40A specifications. 2 RJ45 jacks. Includes mounting hardware.

72-108-WH.....	white
----------------	-------

BNC KEYSTONE JACK

3/8" "D" bulkhead BNC jack mounted in a keystone insert.

72-210-IV.....	ivory
72-210-WH.....	white

'F' CONNECTOR KEYSTONE INSERT

1/2" bulkhead F-81 BNC jack mounted in a keystone insert.

72-211-IV.....	ivory
72-211-WH.....	white

KEYSTONE BLANK CONNECTOR INSERT

Blank insert with 3/8" hole. For use with Calrad connectors and Keystone cavity wall plates. Hex nut cutout on rear of insert.

72-212-IV.....	ivory
72-212-WH.....	white

KEYSTONE BLANK INSERT

Blank insert for use with Calrad Keystone cavity wall plates.

72-213-IV.....	ivory
72-213-WH.....	white

MULTIMEDIA LARGE CAVITY KEYSTONE INSERTS

72-215-WH.....	white
72-215-BK.....	black

For use with Calrad 72-232 series wall plates. Punched .5" 'D' hole for use with .5" O.D. feedthrough connectors. Calrad 30-410-1/2, 75-552, 75-696, & 75-521.

MULTIMEDIA LARGE CAVITY KEYSTONE INSERTS

72-218-WH.....	white
72-218-BK.....	black

For use with Calrad 72-232 series wall plates.

FIBER-OPTIC SIMPLEX CONNECTOR, ST-ST KEYSTONE JACK

72-216-WH.....	white
72-216-BK.....	black

Links ST to ST cable together. Fits all standard Keystone cavities. Works with Calrad wall plates and patch panels 72-226, 72-229, 72-230, & 72-233.

CALRAD

Network CAT 5 Products

keystone audio/video and data keystone accessories

'F' CONNECTOR BEZEL INSERTS

72-217-BK..... black
72-217-WH..... white
 Blank insert with 3/8" hole. For use with F-81 connectors. Hex nut cutout on front of insert.

RGB+VIDEO RCA KEYSTONE INSERTS

RCA female to female jacks with colored inserts of **RED, GREEN, BLUE, or YELLOW**. Nickel plated. Specify colors when ordering.
72-300-IV..... ivory
72-300-WH..... white

RGB+VIDEO BNC KEYSTONE INSERTS

BNC female to female jacks with colored washers of **RED, GREEN, BLUE, or YELLOW**. Nickel plated. Specify colors when ordering.
72-302-IV..... ivory
72-302-WH..... white

SVHS VIDEO KEYSTONE INSERTS

SVHS female to female jack, 4 pin.
72-304-IV..... ivory
72-304-WH..... white
72-304G-IV..... ivory w/ gold connector
72-304G-WH..... white w/ gold connector

CAT-5e INLINE COUPLER

Connect 2 CAT-5, CAT-5e cables together. Bandwidth up to 500Mbs. Meets FCC part 68. Contacts are plated with 50 microns of gold over 100 microns of nickel on phosphor. Size: 1.02"W x .98"H x 1.88"D.
72-109..... white

KEYSTONE WALL JACKS WITH INSERTS

White color duplex style Keystone wall jacks with blank inserts and wall plate. Includes mounting hardware.
72-229-1..... 1 port
72-229-2..... 2 port

KEYSTONE PLASTIC WALL PLATES

Includes mounting hardware.
72-230-1..... 1 port, white
72-230-2..... 2 ports, white
72-230-3..... 3 ports, white
72-230-4..... 4 ports, white
72-230-6..... 6 ports, white
72-230-1-IV..... 1 port, ivory
72-230-2-IV..... 2 ports, ivory
72-230-3-IV..... 3 ports, ivory
72-230-4-IV..... 4 ports, ivory
72-230-6-IV..... 6 ports, ivory

LARGE CAVITY MULTIMEDIA ANGLED KEYSTONE PLASTIC WALL PLATES

White in color. Includes ID labels and mounting hardware.
72-232-1..... 1 port
72-232-2..... 2 ports
72-232-4..... 4 ports

DECORA STYLE CAT-5 KEYSTONE WALL PLATE INSERTS

Includes mounting screws.
72-233-1..... 1 port, white
72-233-1-IV..... 1 port, ivory
72-233-2..... 2 ports, white
72-233-2-IV..... 2 ports, ivory
72-233-3..... 3 ports, white
72-233-3-IV..... 3 ports, ivory

PLASTIC CAT-5, CAT-5e BACK BOX

For use with Calrad 72-229-1, 72-229-2 duplex style Keystone wall plates. Includes mounting hardware.
72-236-WH..... white

WIRE MANAGEMENT PANEL

4 stand offs for routing cables. 1-3/4" x 1-3/4" stand off openings for cable passage. The panel measures 19"W x 1-3/4"H x 1-3/4"D. Durable black finish.
72-225..... black

KEYSTONE BLANK PATCH PANELS

Numbered prepunched panels with durable black finish.
72-226-12..... 12 ports
 19"W x 1-3/4"H x 3/8"D
72-226-16..... 16 ports
 19"W x 1-3/4"H x 3/8"D
72-226-24..... 24 ports
 19"W x 3-1/2"H x 3/8"D
72-226-48..... 48 ports
 19"W x 5-1/4"H x 3/8"D

Network CAT 5 Products - tools, testers, & cables

RJ45 MODULAR PLUG
Crimp style connector for use with twisted pair data cables. Gold plated 50 microns of gold.
72-497R-25 pack of 25
72-497R-100..... pack of 100

72-240 MULTI-PURPOSE MODULAR CRIMP TOOL
RJ45 crimping tool cuts, strips and crimps quickly and easily. For RJ45 ethernet and RJ11 plugs. Provides repeatability and reliability of crimp. High impact plastic construction. Compact size, easy to handle.

72-241 7.3" MODULAR CRIMP TOOL
Cuts, strips, and crimps two types of plugs 6P & 8P in one. For crimping: 8P8C/RJ45, 6P6C/RJ12, 6P4C/RJ11 and 6P2C plugs. Steel body with easy grip plastic handles.

72-242 7.6" PRO MODULAR CRIMP TOOL
For crimping 6P-RJ11 / RJ12 & 8P-RJ45, suitable for both stranded and solid wire. Provides precision crimping, cutting and stripping wire in one operation. Ratchet style mechanism.

72-234 ADJUSTABLE IMPACT PUNCH DOWN TOOL
Provides constant action for seating wire into terminal blocks. Adjustable impact pressure control. The back of the handle is a storage compartment for 1 spare blade. For use with Calrad 72-245, 72-246, 72-247 blades.

72-244 IMPACT PUNCH DOWN TOOL
Provides constant action for seating wire into terminal blocks. For use with Calrad 72-245, 72-246, 72-247 blades.

PUNCH DOWN BLADES FOR 72-234 AND 72-244 PUNCH DOWN TOOLS
72-245 66 punch down blade
72-246 110/88 punch down blade
72-247 .. 66, 110/88 punch down blade

72-239 PLASTIC PUNCH TOOL
Inexpensive disposable punch down tool with cable stripping blade for outer PVC jacket. Suitable for small jobs. Works with 5-6mm O.D. UTP/STP cable. Terminates conductors on 110 blocks.

72-248 LAN & VOICE CABLE TESTER
Tests for RJ45 modular connection with 258A, 568A & B, 356A wiring and 10 baseT & BNC coaxial. Includes 2 adapters for USOC RJ12 and RJ11 test usage. Performs test of cable continuity, miss wiring and polarization by the color of the L.E.D. indicators. Detachable remote unit for installed cabling. Powered using a 9V battery. Includes black ballistic nylon carrying case.

350MHz CAT-5E, RJ45 SNAGLESS CABLES
UL high performance, stranded hi-flex conductors for superior flexibility. Color cable and boot. Gold plated plugs with 50 microns of plating. Lengths available in 3', 5', 7', 10', 14', 25'. **Specify length when ordering.**
72-110-length-BK UTP/UL, black
72-110-length-BU.. UTP/UL, blue
72-110-length-GY. UTP/UL, gray
72-110-length-RD... UTP/UL, red
72-110-length-YL UTP/UL, yellow

72-150-Length FIBER OPTIC FC-FC SIMPLEX JUMPER CABLES
Low insertion loss optical patch cord. Fiber diameter 8.3/125um single mode. 3mm cable O.D., Length in meters. Available in 1m, 2m, 3m, 4m, 5m, 6m. **Specify length when ordering.**

72-152-Length FIBER OPTIC FC-FC DUPLEX JUMPER CABLES
Low insertion loss optical patch cord. Fiber diameter 8.3/125um single mode. 3mm cable O.D., Length in meters. Available in 1m, 2m, 3m, 4m, 5m, 6m. **Specify length when ordering.**

CALRAD

Network CAT 5 Products -

fiber-optic, firmware,
USB crossover & mini din
6-pin cables & couplers

72-154-Length FIBER OPTIC ST-ST SIMPLEX JUMPER CABLES

Cable 62.5um/125um, PVC single fiber cord. OFNR riser rated. Terminated to precision machined brass ST connectors. Length in meters. Available in 1m, 2m, 3m, 4m, 5m, 6m. **Specify length when ordering.**

72-156-Length FIBER OPTIC ST-ST DUPLEX JUMPER CABLES

FDDI rated multi-mode patch jumper cables. Perfect for LAN and digital video applications. Terminated to precision machined brass ST connectors. 2 fiber duplex zip cord - OFNR riser rated. Length in meters. Available in 1m, 2m, 3m, 4m, 5m, 6m. **Specify length when ordering.**

72-157-Length FIBER OPTIC ST-SC SIMPLEX JUMPER CABLE

FDDI rated multi-mode patch jumper cable. Perfect for LAN and digital video applications. Terminated to precision machined brass ST connector and SC premium connector. Cable 62.5um/125um, PVC single fiber cord. OFNR riser rated. Length in meters. Available in 1m, 2m, 3m, 4m, 5m, 6m. **Specify length when ordering.**

72-159-Length FIBER OPTIC S DUPLEX JUMPER CABLE

FDDI rated multi-mode patch jumper cable. Perfect for LAN and digital video applications. Terminated to precision machined brass ST connector and SC premium connector. 2 fiber duplex zip cord - orange PVC jacket. 62.5um/125um fiber - OFNR riser rated. Length in meters. Available in 1m, 2m, 3m, 4m, 5m, 6m. **Specify length when ordering.**

72-161-Length FIBER OPTIC SC-SC SIMPLEX JUMPER CABLE

Length in meters. Available in 1m, 2m, 3m, 4m, 5m, 6m. **Specify length when ordering.**

72-163-Length FIBER OPTIC ST-SC DUPLEX JUMPER CABLE

FDDI rated multi-mode patch jumper cable. Perfect for LAN and digital video applications. SC premium connectors. 2 fiber duplex zip cord - orange PVC jacket. 62.5um/125um fiber - OFNR riser rated. Length in meters. Available in 1m, 2m, 3m, 4m, 5m, 6m. **Specify length when ordering.**

72-180 FIBER OPTIC SIMPLEX COUPLER ST-ST

Links ST to ST cables together. Panel mount connector, mounts in .375" hole.

72-181 FIBER OPTIC DUPLEX COUPLER ST-ST

Links ST to ST cables together. Designed to mount in 1 9/16" rack panels or used free standing.

FIREWIRE CABLES

This type of IEEE 1394 cable carries up to over 400MBps of bandwidth.

- 72-120-6..... 4-pin/4-pin, 6 ft.
- 72-120-10..... 4-pin/4-pin, 10 ft.
- 72-120-15..... 4-pin/4-pin, 15 ft.
- 72-121-6..... 6-pin/4-pin, 6 ft.

72-249 10' CROSSOVER CABLE

Connect 2 PC's without a hub. Rubber strain reliefs with RJ45 connectors. Includes female to female coupler for connecting standard CAT-5 cables for any desired length.

CALRAD

Network CAT 5 Products

NEW Item

72-190-6, -10 SHIELDED MINI-DIN EXTENSION CABLE

6-pin mini din male to female extension cable, wired pin to pin. Available in 6 ft. and 10 ft.

NEW Item

DB-9 MOUSE/MONITOR MALE TO MALE CABLES

72-195-6..... 6 ft.
72-195-10..... 10 ft.

DB-9 MOUSE/MONITOR MALE TO FEMALE CABLES

72-196-6..... 6 ft.
72-196-10..... 10 ft.
9 wire 26-28 awg conductors with foil shielding. Pin to pin wiring. Rugged molded construction with long grip-textured slotted thumb screws.

NEW Item

CAT 5e

72-250 (solid)
72-250-S (stranded)
CAT-5e CABLE 350Mhz
1000' roll solid twisted pair unshielded UL/CSA, 24 AWG 4 pair, PVC jacket. UL/CSA for fast ethernet 10/100/350 Base-T. Colors may vary.

NEW Item

72-251 (solid)
72-251-S (stranded)
CAT-5 CABLE
1000' roll solid twisted pair unshielded UL/CSA, 24 AWG 4 pair. 100MBps. UL/CSA for fast ethernet 10/100 Base-T. PVC jacket. Colors may vary.
