C O N F I R M A T I O N

of compliance with the substance bans in accordance with EC Regulation 1907/2006 (REACH) and EC Directives 2002/95/EC (RoHS), 2000/53/EC (End-of-Life Vehicles), 2002/96/EC (WEEE), 2011/65/EU (RoHS II), RL 2012/19/EU (new WEEE) 2003/11/EC (substance ban of PentaBDE + OctaBDE flame suppressants).

The company Franz Binder GmbH & Co. Elektrische Bauelemente KG herewith confirms and warrants that all supplied products and components conform to the above legal requirements and the substance bans for the heavy metals lead, cadmium, mercury and hexavalent chromium (CR VI) are in conformance as specified.

The company Franz Binder GmbH & Co Elektrische Bauelemente KG herewith confirms that it is a downstream user (manufacturer of products) as defined by EC Regulation 1907/2006 (REACH-VO), 18 December 2006.

Franz Binder GmbH & Co. Elektrische Bauelemente KG procures all raw materials and/or preparations that comprise the connectors from suppliers that have registered or preregistered all substances, including substances included in preparations. The products that the company supplies are not subject to registration.

Franz Binder GmbH & Co. Elektrische Bauelemente KG confirms that with reference to the products supplied by the company there is currently no information from the material suppliers that would require inclusion of information on substances in accordance with Article 33 of EC Regulation 1907/2006.

The connectors manufactured by **Franz Binder GmbH & Co. Elektrische Bauelemente KG** do not contain any substances listed in the **GADSL List** (Global Automotive Declarable Substances List) or the **SVHC List** (substances of very high concern) in a proportion greater than 0.1% in even the smallest component.

Best Regards

**Franz Binder GmbH & Co.
Elektrische Bauelemente KG**
