

Present Weather Sensor Country Code List

Biral present weather sensors report precipitation and visibility according to predefined intensity values. As no universal definition for intensity values is available sensors can be supplied configured to the requirements of a range of countries, or the customer may supply their own definitions.

Where custom definitions are required please complete a Custom Present Weather Definition Form, available from our Sales Department (Sales@biral.com).

Definitions are currently available for the following countries:

Country Code	Country
CN-A	China Aviation
DE	German Definitions
ICAO	International Civil Aviation Organization
IX	International Definitions
JP	Japan Definitions
KR	Korea
MT	Malta
PL	Poland Definitions
SK	Slovakia Definitions
SK-A	Slovakia Aviation Definitions
TW	Taiwan
UK	United Kingdom Definitions
US	United States of America Definitions
WMO-L	WMO snow by liquid definitions
WMO-V	WMO snow by visibility definitions
YY	Definitions provided by Customer

Note: A one off charge is made for Option YY. Order as PW.CODE from the sensor accessory table of the product price list or configurator.
