

BitifEye is a highly efficient, medium-sized company. We are well-known in the industry – almost all leading companies in the global consumer electronics market and semiconductor manufacture industry are among our customers. These technology drivers rely on BitifEye products to test the high-speed data connections of products such as smart phones, tablets, gaming devices and TV sets.

Motivated, highly qualified and satisfied employees are key to our success. The continuous search for the best-possible balance between the interests of our employees and our economic success is a core part of our philosophy. Within our international team we foster a respectful, open and casual atmosphere.

We are looking for a
