SECTION 3. HAZARDS IDENTIFICATION

EMERGENCY OVERVIEW: MercuryCheck Swabs II look like a small white pen with a white cap. The end under the cap contains a fiber tip which is impregnated with the mercury reactive dye. Inside the white barrel of the Swab is a sealed glass ampule filled with a wetting solution. The wetting solution is a neutral sodium phosphate buffer. The sodium phosphate buffer may cause a slight irritation to the eye or skin on contact. Combustion of the product produces no known toxic fumes or by products.

POTENTIAL HEALTH EFFECTS: To the best of our knowledge the chemical, physical, and toxicological properties have not been thoroughly investigated for the mercury reactive dye.

INHALATION: May be harmful.

EYE CONTACT: May cause eye irritation.

SKIN CONTACT: May cause moderate skin irritation or may be harmful if absorbed.

INGESTION: May be harmful if ingested.

CHRONIC: May be harmful upon chronic exposure.

SECTION 4. FIRST AID MEASURES

INHALATION: If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen.

EYE CONTACT: In case of contact, immediately flush eyes with large amounts of water for a least 15 minutes.

SKIN CONTACT: In case of contact, immediately wash skin with soap and large amounts of water.

INGESTION: If swallowed and the person is conscious, immediately give large amounts of water. Get medical attention.

NOTE: Wash contaminated clothing before reuse.

SECTION 5. FIRE FIGHTING MEASURES

Flashpoint and Method: N/A

Flammable Limits: N/A

Autoignition Temperature: Not Available

GENERAL HAZARD: No special precautions need be taken.

FIRE FIGHTING INSTRUCTIONS:

Extinguishing media - water spray, carbon dioxide, dry chemical powder, alcohol or polymer foam or other extinguishing media appropriate for surrounding fire.

FIRE FIGHTING EQUIPMENT: Wear self-contained breathing apparatus and protective clothing to prevent contact with skin and eyes.

HAZARDOUS COMBUSTION PRODUCTS: Emits toxic fumes of carbon monoxide, carbon dioxide, and nitrogen oxides.

SECTION 6. ACCIDENTAL RELEASE MEASURES

LAND SPILL: Should a large quantity of **MercuryCheck Swabs II** (several case lots) be spilled and crushed, wear suitable protective clothing, chemical safety goggles, rubber boots and heavy rubber gloves. Carefully sweep up the debris and place in a bag and hold for waste disposal. Avoid raising dust. Ventilate area and wash spill site after material pick-up is complete.

WATER SPILL: Should a large quantity of **MercuryCheck Swabs II** be accidentally dumped into a large body of water, simply recover the Swabs and dispose appropriately.
