**Technical Information**

**Gland Entry “Thread Reference Tables”**

Thread Reference Tables for ISO Metric IEC 60423, NPT ANSI B1.20.1, NPS ANSI B1.20.1, PG DIN 40430, ISO Pipe Parallel ISO R7/BS2779, and ISO Pipe Taper ISO R7/BS21 (BSPT & GK). Each table lists Thread Type, Thread, Peppers Reference, Pitch, TPI, Major Dia, Thread Length, Gland Min A/C, and Max Clearance Hole Dia.

Glands are available with Metric or NPT threads as standard. All other thread forms are manufactured to order.

**Adaptor / Reducer Options**

Metric Male/Female and NPT Female size options matrix. Columns include sizes from M16 to M120 and 1/2" to 5". Rows indicate Adaptor (A) or Reducer (R) configurations.

A = Certified Adaptor / R = Certified Reducer  
All blank options are available as an industrial version
