## **EXPANSIVE PRODUCT OFFERING FROM CALCONDUIT™ ENSURES FAST DELIVERY AND UNMATCHED CUSTOMER SERVICE**

DOWNEY, CA (May 28, 2014)– Calconduit™, a leading US supplier and manufacturer of galvanized, aluminum rigid and EMT sweeps, elbows, nipples, couplings and fittings, provides unparalleled support and delivery through one of the industry’s largest inventories and shortest manufacturing lead times.

Since 1998, Calconduit’s superior customer service has been positively impacting the purchasing process from specification to shipment by being a true problem solver.

“Calconduit offers extensive individualized services that allow for one-on-one design discussions to ensure that each standard or special-bend task is done right the first time,” said Mike Lang, Product Manager. “No matter what the requirements are for a job, in most cases we can meet any deadline, accommodate any need, and give every project the special attention it deserves.”

With same-day shipping to 11 Western states and a 24 to 72 hour turnaround on most production runs and specials, Calconduit’s policy to conform to customer's design specifications and requirements underscores the commitment to customer service and product quality.
