President

### Quality you can bank on

Over our 58 year history, we can claim a 99% quality satisfaction performance rating from our customers. Every day we perform "CTCQ", Capitol Tool Continuous Quality, as our customers have come to rely on us for tight tolerances in tight situations. Based on an independent survey, 9 out of 10 customers would recommend Capitol Tool to their business associates who require quality machined parts.

### Benefits you can profit from
