New Self-Clinching Threaded Post Standoffs for Electronic Displays

New Captive Series CFMS Standoffs provide a permanently mounted fastener with a reusable threaded post to mount PC boards and electronic LCD displays in various applications.

Typical uses are in elaborate scoreboard displays at sports stadiums and arenas as well as spectacular outdoor advertising billboards.

The unique part is available with common 6-32 inch or M3 metric threads in various lengths and made of heat-treated , zinc plated carbon steel or passivated stainless steel.

Captive manufactures a wide range of self-clinching fasteners and has a world-wide sales and distribution network.
