

WB1600 Series Curved Buckle Wrist Strap Set

Description

The 1600 series 360° curved wrist band and coil cord set features hypoallergenic silver-plated nylon thread for conductivity. The band is standard with a 4, 7 or 10mm male snap or a 4mm machined post.

The CC0037's 2.5mm polyurethane coil insulation offers excellent coil memory. A swivel type banana jack increases coil life and prevents cord tangles.

The soft, blue woven fabric and curved buckle of the WB0016 wrist band allows the skin to breathe and makes it very comfortable to wear. The WB0016 uses hypoallergenic silver-plated nylon thread for conductivity and has a maximum resistance of 160 ohms.

Meets or exceeds requirements of ANSI ESD-S20.20 and ESDA Standard 1.1-2006
