Membership Services

Make more sales! Protect your system! Avoid higher costs! These reporting services may be bundled for 50% in savings!

Premier Reporting Services

EWA Members

<u>Market Area FCC Licensing Reports</u>: Site based weekly band-by-band report of all licensing activity within a defined market area. Increase your sales and customer base by staying informed of any new licensing activity filed to the FCC in all Land Mobile frequency bands. This weekly report gives you actionable intelligence you can use immediately to assist new or existing customers with their spectrum decisions.

\$1,000/year

<u>System Protection</u>: Weekly report of new FCC applications filed on your licensed spectrum. Be aware of new license assignments in your area that may potentially infringe on your system. This report alerts you when applications are filed requesting your existing frequencies. Be proactive and identify potential interference issues before they happen.

\$750/year/3 call signs

<u>Exclusive Frequency Availability</u>: Monthly exclusive analysis identifying the availability of FB8, 800 or 900 MHz channels on three specific sites you provide. EWA will apply to the FCC to secure any of the identified exclusive channels upon request. What is the value of an exclusive channel to your business?

\$1,000/year/ 3 sites

<u>Narrowband Licensee Compliance Report</u>: Statewide report identifying all VHF & UHF business/industrial and public safety licensees still licensed on wideband. Discover the potential for new customers.

\$250/State (As requested)

<u>License Renewal Alerts:</u> New sales tool coming mid-2012! Discover which licenses within a particular market area are due to expire in the next sixty days.

Tbd

Bundle these Premier Reporting Services for \$1,500/year, including membership.

Additional Membership Services

<u>License Management</u>: Free your staff from bureaucratic hassles so they can do more for your business. Avoid fines and expenses due to renewal, construction notification and FCC rule compliance problems. EWA will provide you with a basic license summary for \$150, or with a more detailed analysis of existing licenses for \$50 per call sign. Ask EWA to manage your entire license inventory, starting at \$500/year. You'll wonder how you managed without it.

<u>Enterprise Wireless Solutions Center®</u>: Advertise with EWA so enterprise and government organizations will find your company while they research solutions online. Buyers will discover information about your company, products, and services. Level 1, \$595; Level 2, \$1400; Level 3, \$2900.

ATTENTION MOTOROLA AND KENWOOD DEALERS: EWA membership dues for these services are eligible for 100% co-op

For information about these and other membership services, please contact Ellen Fishel, 703-797-5108, Ellen.Fishel@EnterpriseWireless.org
