

FACT new solution guide and naming update

EMEA Communication

FACT is our leading full front access ODF platform.

As we are continuously investing in this platform we have created a brand new solutions guide. This guides reflects:

- All the latest available options in the broad FACT portfolio
- The newest full splice solution: FACT-GSS
- A name change of FACT patch and splice/patch from FACT-S-xxx to FACT-GPS-xxx
- Change to EIA/TIA 598 color coding on pre-fibered FACT shelves
