EASY BRAID'S NEW SOLDERING IRON TIPS

EASY BRAID'S NEW SOLDERING IRON TIPS

Not to be confused with Thermaltronics tips, the Easy Braid EBM series of tips are 100% tested, offer easier temperature identification, have better contact points, and tip plating that's more conducive to longer life. "The electronics industry will welcome another source for soldering iron tips," states John Webber, National Sales Manager of Easy Braid Co. "The fact that they are safe, reliable, consistent, and competitive will make these new products a definite WIN for our customers."

These products are immediately available from: Economic Packaging, Technimark, Stellar Technologies, Marc Technologies, TC Services, Mark Electronics and Digi-Key.

Easy Braid is a U.S. manufacturer known for the brands of QUICK BRAID (desoldering wick), ONE-STEP (No Clean and Lead-Free wicks), VPI (BGA inspection), PARMi by Easy Braid (Solder Paste Inspection), and PUREX by Easy Braid (Fume Extraction).
