

Easy Braid Appointed SEC's USA Distributor

Easy Braid Co. was recently appointed the USA Distributor for SEC Co., a Korean manufacturer of high performance X-ray Inspection Systems. SF160ACT, an x-ray system with 3D CT analysis, will be presented at Easy Braid's booth #3443 at IPC APEX EXPO 2012.

"Our range of equipment is a perfect addition to Easy Braid's existing portfolio," said TH Kim, Chief Managing Director of SEC Company Limited. "it is of utmost importance that customers receive the highest level of service and support and Easy Braid has an impressive team of individuals in North America. They have also demonstrated excellent customer relationships and technical expertise and we are delighted to be partnering with them."

"The companies we work with are all market leaders in their fields," added John Webber, National Sales Manager of Easy Braid Co. "SEC has a highly innovative and technologically advanced range of equipment and we are extremely pleased to be representing them."

Easy Braid Co. is a manufacturer of desoldering braid (wick) with an emphasis on continuing advancement in soldering/desoldering technology, visual and x-ray inspection systems, fume extraction, and solder paste inspection systems. With an innovative product line and consistent high quality, Easy Braid Co. is a leader in the rework/repair industry.
