All packages, package upgrades, and version updates are for version 6, the most current release. If you hold a license version 6.0.0 or earlier, you will need to purchase a version update as well.

You will need easyGUI v 5.4.0 or later to purchase an easyGUI version update.

Our support plans or not floating plans - each plan cover one person and one license, and is personal.

All prices are in EURO (€). If you wish to make a purchase using another currency, please contact us for a quote.
