## FOR IMMEDIATE RELEASE

### ELECTROCUBE RECEIVES SILVER BOEING PERFORMANCE EXCELLENCE AWARD

**(POMONA, CA, February 17, 2012)** – Electrocube today announced that it has received a 2011 Boeing Performance Excellence Award. The Boeing Company issues the award annually to recognize suppliers who have achieved superior performance. Electrocube maintained a Silver composite performance rating for each month of the 12-month performance period, from October 1, 2010, to September 30, 2011.

This year, Boeing recognized 529 suppliers who achieved either a Gold or Silver level Boeing Performance Excellence Award. Electrocube is one of 407 suppliers to receive the Silver level of recognition.

“Achievements like this reflect the great pride we take in creating and manufacturing our quality products, and demonstrate the importance of continued vigilance in maintaining superior performance and service,” according to Clay Parrill, Electrocube president. “It is our distinct pleasure to be awarded the Boeing Performance Excellence Award as a result of our efforts.”

Electrocube supplies Autotransformers and EMI Filters to Boeing for both commercial and military programs. This year’s recognition marks the fifth consecutive year Electrocube has been awarded this honor. A supplier for Boeing for 25 of its 50-year history, Electrocube has earned a well-established reputation within the aerospace industry as well as the audio, environmental, industrial, transportation, medical and military industries.

#### **About Electrocube, Inc.**

Founded in 1961, Pomona, CA-headquartered Electrocube, Inc. is an award-winning engineering design, manufacturing and sources servicing company of passive electrical components for a wide range of standard and custom applications. The company is second-generation, family-owned and retains all operations – from manufacturing and design to delivery – within the United States.

Electrocube is known for its signature, custom precision and superior quality control/testing in a number of client industries including: aerospace, appliances, audio, commercial, equipment controls, environmental controls, industrial, medical, military, renewable energy, test equipment and transportation. Electrocube is ISO 9001 1:2000 and AS9100B: 2004 registered (add symbols). For more information, visit: [www.electrocube.com](http://www.electrocube.com).
