

Part #: F1-9786

FEATURES

- Compact Ergonomic Design

This 100x power Fiber Inspection Scope capable of viewing ST/SC/FC connector styles.

The flat head adapter provides a straight view for inspection of connector end faces for contamination, fractures, and other loss causing agents. Inspection scopes have swappable heads for inspection of ST/SC/FC, LC, MT-RJ, MU, MTP, MT, VF-45 plug, VF-45 puck, SMA, BIC and D4 and adapters can either be purchased by themselves or on a scope.
