

## APPLICATIONS

- Optical Testing
- Repairs

Our Buffered Fiber Optic Adapters are designed to hold 900 buffer optical fiber, and are available in ST, FC, SC and SMA 905 configurations.

In addition to this particular fiber optic adapter style, we offer a wide range of other fiber optic adapters for those applications that require cable-to-cable connections. Our fiber optic adapters accommodate all standard fiber optic connectors including LC, SC, FC, ST, MU, MTRJ styles and more.

## SPECIFICATIONS

**125 $\mu$ m Clad Fiber (Multimode Recommended)**

**900 $\mu$ m Buffer**

**Optical Loss**

<1 dB against a standard connector

## MATERIALS

<b>Ferrule</b>	Stainless Alloy
<b>Connector Housing</b>	Nickel Plated Metal
<b>Adapter Backbody</b>	Powder Coated Metal

## PART NUMBERS

<b>F1-9336</b>	127 $\mu$ m
<b>F1-9336140</b>	140 $\mu$ m
<b>F1-9336230</b>	230 $\mu$ m
