

# NEW Carol® Brand Electronics Product Offering

# CAROL. BRAND

General Cable's Carol® Brand is the right solution to meet your Electronics wire and cable needs. The Carol line, which already has one of the broadest offerings in the industry, has expanded with many more FEP plenum versions of the popular Carol "classic" multi-conductor cables for OEM and MRO applications.

For the contractor doing plenum installations to the design engineer planning a specific OEM application, we now offer a plenum version in addition to our standard PVC cables. As a quick and easy reference, here is a listing of these **NEW Electronics products**.

In an ever-growing alarm and security market, Carol Brand offers cables for every application, including:

- Access Control
- Video Surveillance/CCTV
- Fire Alarm and Life Safety
- Home Theater and Burglar Alarms
- Data Communications

Our alarm and security cables offer solutions in all these major markets, including:

- Commercial Buildings
- Residential Housing
- Business and Office Campus Environments
- Public Stadiums and Arenas
- Airport, Train, Bus and Other Transportation Hubs
- Schools, Colleges and Universities

Whatever the application need calls for, we have a cable that delivers the performance you require. ***Demand better ... expect more™ with Carol Brand.***
