

Modern Lights

Need Modern,
Pluggable Connections!

Linect® – Also Ideal
for LED Applications

Pluggable electrical installation...

...or conventional wiring?

Linect[®] does it all!

Pluggable electrical installation...

...favored by lighting manufacturers,
planners and electrical installers!

WAGO®

A man in a dark grey pinstriped suit, light blue shirt, and yellow patterned tie, wearing glasses, stands smiling and holding a black cable with a blue and white connector. He is positioned in front of a large, white, rectangular light fixture with a grid of slats. The background is plain white.

**“I am impressed with the
new lighting connection
concept Linect®.**

From now on, our customers
benefit from universal light
connections and we save
ourselves countless
variations!”

Manfred Diez

Managing Partner,
RIDI Leuchten GmbH

The Linect logo consists of a stylized 'i' inside a square frame, followed by the word 'inect' in a lowercase, sans-serif font. The 'i' is orange, and the rest of the logo is black.

Linect

Pluggable electrical installation...

...streamlined with
the universal light connection!

Pluggable electrical installation...

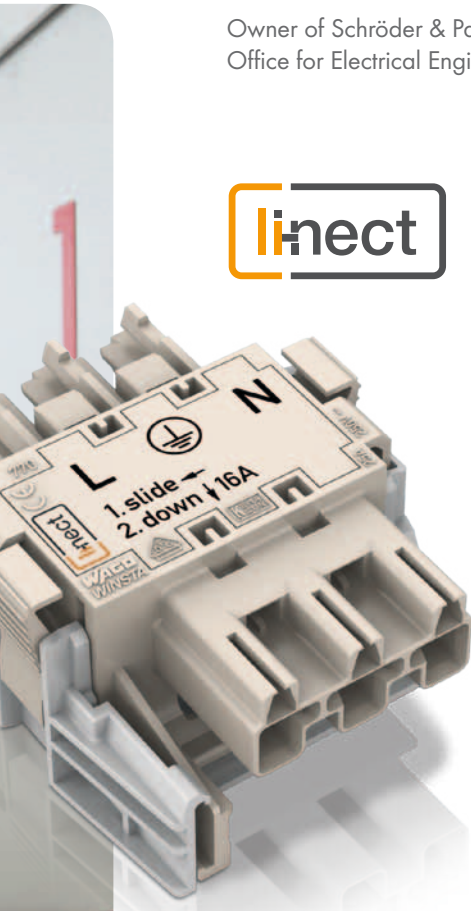

...for innovative planners!

**“My last project
was one of the easiest –
from planning to procurement!”**

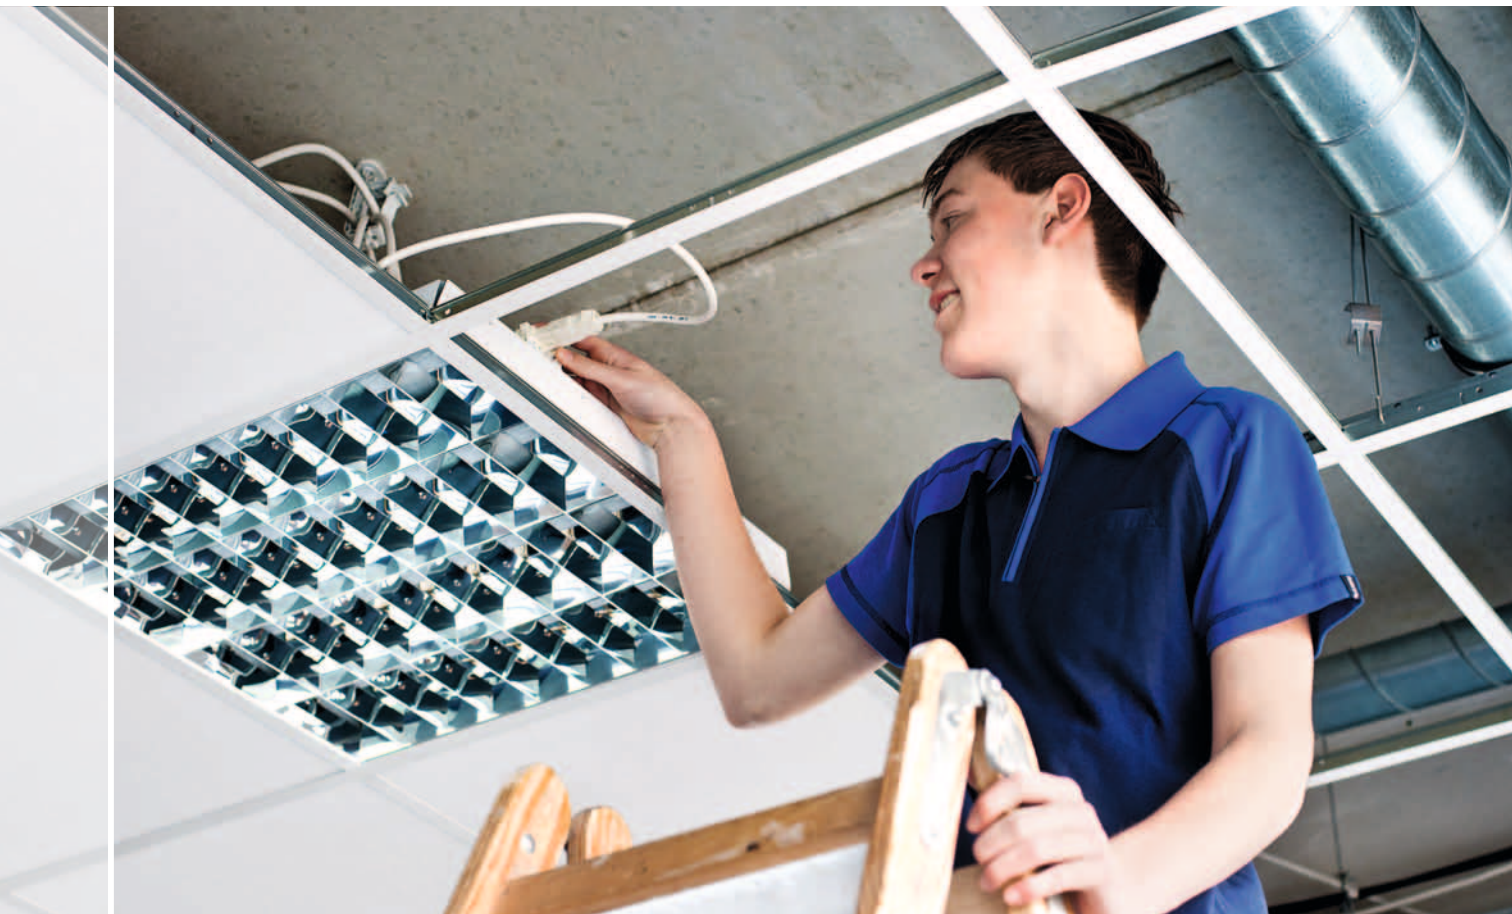

Uwe Burstädt

Owner of Schröder & Partner
Office for Electrical Engineering

Pluggable electrical installation...

...ensures on-time completion
and eliminates errors!

"I install error-free with Plug-and-Play
within the shortest time -

faster than ever before!"

Bert Fix

Assembly Manager
at Unica, The Netherlands

Pluggable electrical installation...

...need WINSTA®!
