

product name
Kitchen Light Led Panel
product desc

Name: Kitchen Light Led Panel

Model: GPP03309XX

Product Description

Power:9W

Color Temperature: Warm white/Pure white/Cool White/Y/R/G/B/RGB

Luminous Flux(Cool white):700lm

Lamp Luminous Efficiency(lm/w) 80

CRI:75

Working Temperature(?) -20 - 40

Working Lifetime(Hour) 50000

Lamp Body Material Aluminum Alloy

Beam Angle:120°

Input Voltage:100-240VAC / 100-130VAC / 200-240VAC

Lifespan:>40,000 hrs

Storage Temperature:-40~+60°

Working Temperature:-20~+40°

Working Environment:Indoor

Material:Aluminum + GLP

Dimension:295x295x10mm

Weight:1.0kg

Our Manufacture Advantages

- 1,Forward-looking self-research for all products
- 2,Self-reliant in LED light source
- 3,Strict procedure quality supervising and burn-in period
- 4,Complete Quality Control System

We are professional LED Panel Manufacturer in china. We specialize in the R & D and Production of the LED lights for 18 years. We have strong R & D capability, We can produce SMD LED Panel Light according to your requirements. More types of SMD LED Panel Light wanted, please contact us right now!
