Three-Piece Swing-Out Rack Cabinet

HWM Series

Data Communication Infrastructure

Vented front door included

Center section easily removes for installation.

Tinted acrylic and solid doors also available.

Mounting points for easy mounting of outlet strip.

Generous fan knockouts/cutouts for cooling.

Application

- The Hammond Wall Mount (HWM) cabinet was designed with the technical professional in mind. Easy to install design. The vented front door and side panels were specifically designed for high capacity servers, switches and power management devices.

Features

- Available in three (3) depths and four (4) heights.
- Includes vented 65% perforated front door (optional door types available).
- Front door and center section keyed the same.
- EIA compliant adjustable depth mounting rails.
- Includes one (1) pair of tapped (10-32) mounting rails.
- Recommended weight load tested for 275 lbs.
- Center section features:
 - Heavy duty spring-hinge pin for easy installation and removal.
- Side panel that includes two (2) vents and fan grill.

- Rear section features:
 - Top and side conduit knock-outs for cable entry.
 - Generous cable management lances located on the rear section as well as on mounting rails.
 - Mounting points for Outlet Strip (uses HWMPCLIP).
 - Heavy duty keyhole for wall mounting.
 - Large opening in rear for cable access.

Construction

- 14-gauge welded rear section; 16-gauge center section and doors.
- Grounding lugs located on top and bottom of the door, center and rear sections.
- Rugged sand-textured black powder paint (reduced fingerprints and marks).

Accessories

- Additional pair of rails with either 10-32 taps or square holes.
- Tinted acrylic and solid doors.
- Clip for mounting outlet strip (Use with 1585 Series of power strips).
- Lock (front door only) keyed differently for increased security.
- Power Bars...see page **444**
- Hardware...see page **432**
- Shelves...see page **425**
- Panels...see page **426**
- Cable Managers...see page **426**

Eclipse Dual Access Series - NEMA 4, 12

Data Communication Infrastructure

Solid Door

Window Door

**Panel
Sold
Separately**

Application

- Designed for network access equipment using 19" mounting rails.
- Dual access both front and rear of the equipment allows easy install and connection between equipment and to main cable route.
- Provides outstanding protection against dust, oil and water with solid and plexi door version in NEMA type 4.

Standards

- **Solid Door**
 - UL 508 Type 1, 3, 3R, 4, 12
 - CSA Type 1, 3, 3R, 4, 12
- **Plexi Viewing**
 - UL 508 1, 3, 3R, 4, 12
 - CSA Type 1, 3, 3R, 4, 12
- **Complies with**
 - NEMA type 3R,4 and 12
 - IEC 60529 , IP54, IP66

Features

- Dual access via double hinge design opens 120 degrees for access to front and rear of equipment
- Heavy wall mounting base for cable entry with collar stud provision for optional inner panel.
- Wall base can be mounted with optional external mounting feet
- Interior latch releases center section for added security, no tools required
- Solid and Window door are provided with 2 or 4 point combination key & padlock handle
- Large window door view area
- 1 Pair of adjustable drilled and tapped L rails with cable pass through included,
- Bonding studs provided on door, body and wall base

Construction

- Wall base, body and doors made form 14 guage steel
- Smooth continuous welded seams without knockouts, cutouts or holes
- Seamless poured-in place gasket for added protection in both indoor and outdoor locations
- Window door constructed with UV resistant polycarbonate material
- Plated L rails drilled and tapped 10/32 to EIA 19" standards
- Mounting hardware pack 25 for 19" rails

Finish

- RAL7035 light Gray

Accessories

- Eclipse mounting foot kit

Modular Rack Cabinet System

C2 Series

Data Communication Infrastructure

Find detailed drawings online at:
www.hammondmfg.com

Application

- The C2 Rack Cabinet Series provides users with a generous amount of flexibility for electronic, test and measurement as well as entry level computer room applications.
- Standard C2 assemblies provide easy-ordering for common applications (visit our website at www.hammondmfg.com for assembled "Rapid Rack" options). For a more application specific solution, specifiers can mix and match standard components.
- Special colors, sizes or other modifications available from the factory.

Features

- Available in height from 20U to 49U
- Available depth of up to 36 inches
- Cabinet frame features an open-top design supporting optional solid and vented top panels, as well as a selection of fan tops capable of to 550 CFM
- EIA-compliant mounting rails are sold in pairs and are available with either tapped or square-hole design
- Rails feature rack unit markings for easy equipment installation
- Infinite rail depth setting using C-channel struts
- Door options include solid, louvered, Acrylic (with and without side venting)
- Doors include lockable latch, magnetic catch and spring loaded hinge pins for instant installation or removal

Construction

- Fully-welded 14-gauge steel frame with a weight-load rating of 1,500 lbs
- Four (4) leveling feet are included with support for optional casters
- Grounding studs provided on frame as well as side panels and doors
- Mounting rails are zinc plated for superior grounding
- Doors fabricated of 16 gauge steel

Accessories

- Power Bars...*see page 444*
- Hardware...*see page 432*
- Shelves...*see page 425*
- Panels...*see page 426*
- Cable Managers...*see page 426*

Finish

- Cabinet components (and many accessories) are finished in textured powder paint.
- Standard stock colours include black and Light Gray.

Modular Data Center Cabinet System

C4 Series

Data Communication Infrastructure

Your **QUICK & EASY** configuration tool is just a **click** away!

Build your own assembly at: www.q-assembly.com

Find detailed drawings
online at:
www.hammondmfg.com

Application

- The wider and deeper C4 Rack Cabinet Series provides users with maximum amount of flexibility for data center applications.
- Multiple features addressing thermal performance make C4 an ideal choice in high heat load environments.
- Standard C4 assemblies provide easy-ordering for common applications. For a more application specific solution, specifiers can mix and match standard components.
- Special colors, sizes or other modifications available from the factory.

Standards

- Structural integrity of the standard C4 frame design meets Seismic UBC Zone-4 certification.

Features

- 30" wide C4 has generous cabling space, four (3.5" wide) cable entry holes on the top, support for up to four optional 4"-deep vertical cable managers, and an open base for easy cable access from raised-tile sub-floors
- EIA-compliant mounting rails are sold in pairs and are available with either tapped or square-hole design
- Cabinet frame features an open-top design supporting optional solid/vented top panels, as well as fan tops capable of up to 550 CFM
- Cabinets come standard with an open base design to allow for cable entry and cold-air supply in raised-tile-floor installations
- Rails feature rack unit markings for easy equipment installation
- Infinite rail depth setting using C-channel struts
- Rails for 30" wide unit have cable-tie support and pass-through hole
- Door options include solid, Acrylic and perforated.
- Perforated doors are offered in single and split door. Split doors can save valuable working space when accessing the back of the cabinet.
- Perforated doors for both front and back of the cabinet are suggested for most server applications.
- Doors include lockable latch, magnetic catch and spring loaded hinge pins for instant installation or removal

Construction

- Fully-welded 14-gauge steel frame with heavy-duty struts contributing to a weight-load rating of 2000 lbs
- Four (4) leveling feet are included with support for optional casters
- Grounding studs provided on frame as well as side panels and doors
- Mounting rails are zinc plated for superior grounding
- Doors fabricated of 16 gauge steel

Accessories

- Vertical cable trays are available for both 24" and 30"-Wide cabinets. 30" wide compatible versions feature magnetic-latching doors, and 3.5" wide x 4" deep cable space.
- Power Bars...see page **444**
- Hardware...see page **432**
- Shelves...see page **425**
- Panels...see page **426**
- Cable Managers...see page **426**

Finish

- Cabinet components (and many accessories) are finished in textured black powder paint.
- Standard stock color black.

Shown with optional side panels.

Application

- The Hammond Data Center 100 (DC100) was designed for Server, Network and Data Storage applications. DC100 cabinets feature an array of enhancements over traditional cabinets, with cooling performance and enhanced security features demanded by today's IT manager.

Standards

- Structural integrity of the standard DC100 frame design meets Seismic UBC Zone-4 certification.

Features

- The DC100 series cabinets are offered in two capacities, 42U spaces and 24U spaces. A standard overall width of 24" allow cabinets to side or bay together matching standard 2ft floor tile placement, optimizing sub-floor cable and cold-air access without conflict. Overall depth of 42" but can be modified up to 48" to provide support for deep server dimensions while providing additional space for cable management.

- The top of the DC100 includes two (2) 3.5" diameter cable entry holes and one (1) 18 x 3" rectangle cable entry (comes with solid filler panel).
- Open frame bottom allows raised tile floor cable and air access. Also includes a removable rear gland plate for floor-level cable entry. One (1) vertical cable tray included.
- Includes two (2) pair of 19" mounting EIA-310-D compliant square-hole design feature U-markings. Infinite-depth setting using C-channel struts.
- Four (4) leveling feet are included with support for included recessed casters. Grounding studs provided on frame, side panels and doors. Side panels are only included with the 24U model. Side panels are sold separately for 42U model.
- Doors include front and rear enhanced locking handles that include a 2-point locking mechanism. Front perforated door offers 65% airflow. Split rear perforated doors offers 65% airflow.
- Perforated doors for front and rear of the cabinet are suggested for most server applications. DC100 cabinet frame features an open-top design supporting optional solid and vented top panels, as well as a selection of fan tops capable of up to 550CFM.

Construction

- The DC100 features a fully-welded 14-gauge steel frame with heavy-duty struts contributing to a weight-load rating of 2000 lbs.
- Rails are fabricated of heavy duty 12 gauge steel, zinc-plated for superior grounding.

Accessories

- Electronic Handle - Upgrade your handles to our new electronic controlled handle with key override.
- Manage access using your SNMP smart PDU now available from Hammond Mfg. Ask your Hammond rep for details.

Modular Co-Location Cabinet System

CL Series

Data Communication Infrastructure

Doors open 180° and can be removed by swinging open and lifting off.

Vertical Cable Management can easily be moved to top or bottom.

Easily remove cover panels to install a vertical PDU.

One frame fits all bay configurations. Easily pass cables between cabinets.

Application

- Hammond's Co-location Rack Cabinet features four (4) different bay configurations. Whether you are leasing the space or want to restrict access to sections of your cabinet, the Hammond CL Series is loaded with innovative features.

Features

- One single frame allows multiple bay configurations. Mounting space includes:
 - 1-Bay = 44U, 2-Bay = 21U, 3-Bay = 14U, 4-Bay = 10U
- Standard available configurations available in 36" and 42" depths.
- Vented shelves include rear removable panels for vertical PDU installations.
- Front and Rear Perforated Doors with 65% air flow.
- Doors include 4-pin combination lock with key override.

- Vertical Cable Managers can be installed either top or bottom. Designed to accommodate sliding rail mount kit on servers.
- Cabinet top includes brushed cable entry for cable managers, removable top panel and provisions for containment system and cable trough accessories.

Construction

- 14-gauge welded steel frame; 16-gauge doors and side panel.
- EIA-Compliant adjustable depth mounting rails.
- Available as Square Hole or Tapped (10-32) mounting rail.
- Recommended maximum weight load tested for 1,800 lbs.

Accessories

- Third set of rails can easily be added with either 10-32 taps or square holes.
- Security upgrade kit ensures entire cabinet is tamper-proof.
- Bay upgrade kit divides a single bay into a 2, 3 or 4 bay cabinet.
- Right-hand door hinge kit.
- Power Bars...see page 444
- Hardware...see page 432
- Shelves...see page 425
- Panels...see page 426

Data Communication Infrastructure

Every Hammond CL Series cabinet can be converted into an air containment system.

Each CL Series frame includes provisions for a gasketed top panel, top cable trough and containment aisle door that can be secured to the first set of the row. (Sold separately)

Contact your Hammond rep for more details.

Stacking Knockdown Server Cabinet

RCSC Series

Data Communication Infrastructure

Optional High Airflow vented door shown.

EASY ASSEMBLY!

NOTE: Baying kit (RCSCBAY) is required to lock cabinets together securely when stacking.

Fan 'punch-out' holes double as cable entry when stacked!

Application

- The RCSC Rack Cabinet features a stacking design that allows for up to three (3) cabinets* to be stacked atop each other. This Rack Cabinet is fully loaded and includes two (2) pairs of infinitely adjustable sliding EIA square-hole rails, punch-outs for cable entry and/or fan cooling and comes in a variety of sizes and depths.

Features

- The unique stacking feature enables your cabinet space to grow as your needs do. *Stack up-to three (3) 12U, two (2) 24U or one (1) of each cabinet atop each other using the required baying kit (RCSCBAY). The 12U cabinet is a great starter cabinet for any small to medium sized business.
- Four (4) embosses are included with support for optional levelling feet or casters.
- Includes two (2) pair of 19" mounting EIA-310-D compliant square-hole design feature U space markings. Rails are infinitely adjustable in depth. Rails are fabricated of heavy duty fourteen (14) gauge steel, painted smooth black.

OPTIONAL DOORS

- The top and bottom of the RCSC includes two (2) laser knockouts (per side) for cable-entry or fans (includes gasket strip material). For 36" depth cabinet side panels include cable entry knockouts. Also includes a laser knockout rear gland plate for floor-level cable entry.
- Optional doors are available in solid, tinted acrylic, honey-comb perf and high airflow vented. Snap-in hinges can be mounted without having to bolt-on from inside the cabinet. In addition, the hinges can be mounted on the left or right.
- High airflow perforated doors for both front and rear of the cabinet are suggested for most server applications. Perforated doors meet server manufacturer Free-Air-Ratio (FAR) requirements at 65%.

Construction

- The RCSC features a knockdown 16-gauge steel frame with heavy-duty struts contributing to a weight-load rating of 1500 lbs. Ships un-assembled in (flat-pack).
- Grounding studs provided on body.

Accessories

- Power Bars...see page 444
- Hardware...see page 432
- Shelves...see page 425
- Panels...see page 426
- Cable Managers...see page 426

Finish

- Rugged textured black powder paint

Optional Accessories:

Part No.	Description
RCSCATIP	Anti-tip brackets
RCSCBAY	Baying kit - bays (2) RCSC's together (vertically or horizontally)
GRDKIT02	Cabinet ground cable kit
DNFK1AC120	Single (1) Fan kit with grills and cord
DNFK2AC120	Dual (2) Fan kit with grills and cord

Optional Casters

Part No.	Description	Rated
1425P	Light-duty casters(4)	400 lbs
1425BH	Heavy duty casters(4)	1000 lbs

2-Post Steel (Welded & Knockdown) Relay Rack

DNRR Series

Data Communication Infrastructure

DNRR

DC2R

Application

- Suitable for many 19" rack mount applications, providing complete access to equipment.

Features

- Welded version - no assembly required. Knockdown version –convenient transport and storage, easy to assemble
- Universal EIA (5/8 - 5/8 - 1/2 inch) spacing.
- Choice of front flange or both flanges - drilled & tapped. Note: DC2R44 version features square holes.
- Base can be lagged to floor.
- Accepts optional casters and dollies.

Construction

- Fabricated in 10-gauge steel (heavy duty) or 12-gauge steel (light duty).

Finish

- Finished in rugged textured black powder paint.

Accessories

- Hardware...see page **432**
- 2 Post Shelves...see page **425**
- Cable Managers...see page **421**

4-Post Steel Open Rack

DC4R Series

Data Communication Infrastructure

Application

- The Hammond DC4R Open Rack series is one of the most economical solutions to house servers and other devices in wiring closets or data centers. In situations where the wiring closet itself is under lock and key and accessed by a limited number of people, full cabinets having locking doors and side panels may not be required resulting in a significant cost savings.

Features

- Available in 24U and 44U and up to 48" in overall depth (See table below).
- 24U (42") - 48.125" over-all height, 20.5" over-all width
- 44U (77") - 83" over-all height, 20.5" over-all width
- Two (2) pair of 19" mounting EIA-310-D compliant square-hole rails integrated into DC4R Frame. Features rack unit space marking hole.
- Includes one (1) set of two (2) horizontal cable manager bars (DC4RSHCM). Additional cable manager bars available (see page 5)

Construction

The DC4R structure is constructed of 12 gauge steel and has 19" mounting integrated into the front and rear of the frame.

Finish

- Smooth black powder paint.

Quality Products. Service Excellence.

2 & 4 - Post Relay Rack Accessories

Data Communication Infrastructure

Vertical Cable Managers

- Available in three widths (6", 8", 12")
- Hinged doors secured with magnets
- Can mount on left or right of rack
- Managers can also bay racks
- 16 gauge steel
- Mounting hardware included

Part No.	Description	H	W	D
RRCM44UD	44U Manager w/Door	77"	6"	5"
RRCM844UD	44U Manager w/Door	77"	8"	6"
RRCM1244UD	44U Manager w/Door	77"	12"	6"

Hammond offers more Vertical Cable Managers varying in size, material and design! Please visit our web site for additional models.

Cable Chimneys

Cable Chimneys are assembled from two halves, making it easy to attach around existing cables.

- Attaches directly to Vertical Managers
- 18 gauge steel
- Easy installation
- Mounting hardware included

Attaches directly to VCM

Part No.	Description	H	W	D
RRCMCH65	Cable chimney	36"	6"	5"
RRCMCH86	Cable chimney	36"	8"	6"
RRCMCH126	Cable chimney	36"	12"	6"

Note: The above cable chimneys are designed to connect directly to our vertical cable managers, and are not compatible with our Top Cable Manager (TCM) System below.

Top Cable Manager (TCM) System

(Compatible with RRCM44UD vertical cable managers only)

Part No.	Description
RR19TMS	Attaches to one (1) rack with one (1) vertical cable manager
RR19TMD	Attaches to one (1) rack with two (2) vertical cable managers
RR19TMDD	Attaches to two (2) racks with two (2) vertical cable managers
RR19TMDT	Attaches to two (2) racks with three (3) vertical cable managers

Cable Chimneys (Attaches directly to TCM)

Part No.	Description	H	W	D
RRCH20	TCM Cable Chimney	20"	5"	5"
RRCH24	TCM Cable Chimney	24"	5"	5"
RRCH30	TCM Cable Chimney	30"	5"	5"

2 & 4 - Post Relay Rack Accessories

Misc Accessories

Part No.	Description
RRALJK	Baying kit - Joins two DNRR racks together
RRTMEP	End-Plates to close TCM ends
RRTMJK	Joining kit - Joins TCM together

Compatible Casters and Dollies

Part No.	Description
RRLDCASTER	Light Duty Casters (4) Rated for 800 lbs (Adds 3.75" to overall height)
RRLPDOL	Low Profile Dolly Rated for 1080 lbs (Adds 1.25" to overall height)
RRHDDOL	Heavy Duty Dolly Rated for 1500 lbs (Adds 3.50" to overall height)

Formed & Knockdown Wall Racks

FWB, HPB & VPB Series

FWB Series - Economy Fixed Wall Bracket

- Hinged for easy rear access to devices.
- Fixed-depth of 6".
- 16 gauge formed steel.
- Rear cable access.
- Black powder paint finish.
- Static weight-load tested up to 70 lbs.
- Includes four (4) 10-32 black rack screws w/washers and clip nuts per rack unit.

Part No.	Description	Contractor Pack
FWB191UBK	1U Wall Bracket	FWB191UBK-12
FWB192UBK	2U Wall Bracket	FWB192UBK-12
FWB194UBK	4U Wall Bracket	FWB194UBK-12

HPB Series - Heavy Duty Fixed Wall Bracket

- Knock-down design.
- Ships un-assembled (flat-pack).
- 14 gauge formed steel.
- Hinged for easy rear access to devices.
- Fixed-depth of 6".
- Multiple tie points for cable management.
- EIA compliant 10-32 tapped holes.
- Static weight-load tested up to 90 lbs.
- Black powder paint finish.

Part No.	Description
HPB19003BK1	2U Wall Bracket
HPB19005BK1	3U Wall Bracket
HPB19007BK1	4U Wall Bracket
PBCOVER	6" Depth Dust cover/shelf

Includes 10 or 25-pack of 10-32 black rack screws w/washers and mounting template for easy installation.

VPB Series - Heavy Duty Vertical Wall Bracket

- Available in 2U, 4U and 6U mounting depths.
- Includes generous rear cutout for cable entry.
- Four (4) wall mount keyholes included.
- 14-gauge formed construction.
- EIA compliant punched hole mounting rails are stronger than square holes.
 - Uses 10-32 clip nuts (includes starter pack of 10-32 clip nuts and screws).
- Recommended weight load tested for 135 lbs.
- Rugged textured black powder paint.

Part #	Panel Height		Overall Dimensions		
	Inches	Units	Height	Width	Depth
VPB192UBK	3.50	2	7.69"	19.19"	4.19"
VPB194UBK	7.00	4	7.96"	19.19"	7.69"
VPB196UBK	10.50	6	11.19"	19.19"	11.19"

Clip nuts are easier to install when compared to square hole cage nuts.

Optional acrylic RMSC hinged panel cover prevents equipment from dust and tampering.

Formed & Knockdown Wall Racks

FWB, HPB & VPB Series

APB Series - Heavy Duty Adjustable Wall Bracket

- Knock-down design ships un-assembled (flat-pack).
- Mounting heights available in 4U, 6U, 8U and 12U.
- Available in two depths, from 12" to 18" using slots for easy set-up and adjusting.
- Includes generous rear cutout for cable entry.
- Four (4) wall mount keyholes included.
- Double-hinged for easy rear access.
- Multiple tie points for cable management.
- EIA compliant 10-32 tapped mounting rails.
 - Includes starter pack of 10-32 screws.
- Constructed of 14 gauge formed steel with a recommended weight load of 80 lbs.
- Professional smooth black powder paint.

Part #	Panel Dimensions		Overall Dimensions		
	Height	Units	Height	Width	Depth
APB19007BK1	7.00	4	6.98"	19.25"	12" - 18"

1459 Series - Open Frame

- EIA compliant 10-32 clip nuts mounting rails.
- Suitable for wall or table mounting (with open back).
- Removable top & bottom panels included.
- Four (4) wall mount keyholes included.
- Optional side panels sold separately.
- Comes with rubber feet for table mounting.
- Constructed of 16 gauge formed steel with a recommended weight load of 800 lbs.
- Rugged textured black powder paint finish.

Part #	Panel Dimensions		Overall Dimensions			Side Panels (Sold in Pairs)

- Available in more economical steel version (PBPS series)
- Unfinished version is white paper covered on one side to protect finish
- Standard rack mount punching on both ends

Cable Management Panels

- Requires mounting hardware
- Rugged textured black powder paint finish

Part No.	Description
PCMDD19001BK1	1U Hinged Horizontal Cable Manager (2.5" Overall Depth)
PCMDD19003BK1	2U Hinged Horizontal Cable Manager (2.5" Overall Depth)
PCMDD19005BK1	3U Hinged Horizontal Cable Manager (2.5" Overall Depth)

Part No.	Description
PCMBBS19001BK1	1U Steel Ring Panel
PCMBBS19003BK1	2U Steel Ring Panel
PCMBBS23001BK1	1U Steel Ring Panel 23" Mounting
PCMBBS23003BK1	2U Steel Ring Panel 23" Mounting

Part No.	Description
PCMDSS19001BK1	1U Hinged Finger Panel
PCMDSS19003BK1	2U Hinged Finger Panel
PCMDSS19005BK1	3U Hinged Finger Panel

Cable Manager Panel

- Continuous hinged door with magnetic closure strip
- Four oblong openings (3.5" x 1.56") top & bottom - allowing for cable exit top and/or bottom
- Openings in the rear for cable entry/exit
- Standard 19" rack panel mount
- Available in 3 panel heights
