Title: Launch of Hand Crimp Tools

Page 1/3

Dear Customer,

We are pleased to announce the launch of our new hand crimp tools for DIN 41 612 individual BC/har.bus64/FC contacts.

The new tools require a dedicated tool for each contact type. In addition, new tools will replace the p/n **09 99 000 0620** along with related insert tools.

For product numbers and descriptions of these new tools and accessories, please check the appendix section of this document.

Advantages:

- Small tool dimension with light weight guarantees safer and more comfortable handling.
- Easy handling without exchanging inserts.
- Built-in locator provides easy “one-hand” tool operation.

Availability:

New tools along with all accessories are already available for purchase.
Tools have been tested according to IEC 60352-2 at the HARTING CTS.

Please don't hesitate to contact our technical support if you have any questions.

Technical Support E-mail: TechSupportUS@HARTING.com

Technical Support Phone Number: **866-278-0306** (Select option 3 for technical support).
