## Hauppauge Capture

## StreamEez to YouTube

The following directions are for streaming to YouTube using Hauppauge Capture.

Open Hauppauge Capture.

Click on the StreamEez Tab.

Under Service select YouTube and under Channel select Login.

Login will open your browser. Log into your Google account.

(<-) € ttps://accounts.google	Sign in - Google Accounts ×

	hauppauge.ts@gmail.com
	•••••
	Sign in
	Need help?

If you have multiple accounts please select the account to which you want to stream.

YouTube will ask for you accept Hauppauge Capture. Please click Accept.

Note: You might get the following error screen on your browser after clicking accept please ignore them.

1	his page can't be displayed
	<ul> <li>Make sure the web address http://localhost:49501 is correct.</li> <li>Look for the page with your search engine.</li> <li>Refresh the page in a few minutes.</li> </ul>
OAuth 2.0	Authentication ×
← ⇒ C Received ver	lification code. Closing

In your browser now go to your YouTube home page.

Click on your user bubble icon on top right and in the menu that comes up select Creator Studio.

https://www.youtube.com/?noredirect=1		⊽ C <sup>4</sup>	C Search		☆ 🗈	<b>■</b> +	<b>^ 9</b>

This should take you to the Ingestion Settings.

Under Custom ingestion please select a StreamEez profile. Please select the correct resolution based on your incoming signal. If you're using 720p select 720p. If you have 480p don't select 1080p. Try to match the profile to your incoming signal.
