Who We Are

A manufacturer of solderless terminals, wire harnesses, leads
and a distributor of electrical accessories for over 30 years

Our team has the expertise to identify the correct terminal, wire,
tool, and crimp for the correct application

The assembly of wire harnesses and leads is a natural complement
to our business and a value added service

We welcome all challenges - small and large - from simple leads to
complex harness configurations

What Makes Us Different?

We manufacture one of the major components of a wire harness
and lead - the terminal connectors

MADE IN AMERICA

Our facility is located in Massachusetts, USA

We manufacture and assemble in America

We purchase copper, brass, wire, tubing, and heat shrink from
American suppliers

We are an American employee owned company

Our company colors are red, white, and blue

WE ARE A COMPANY OF CHARACTER AND OF CHARACTERS

This is our ingredient for success, supported by our presence of
33 years

We will make you smile and laugh

WE 'GET 'ER DONE"

That is who we are and what we do

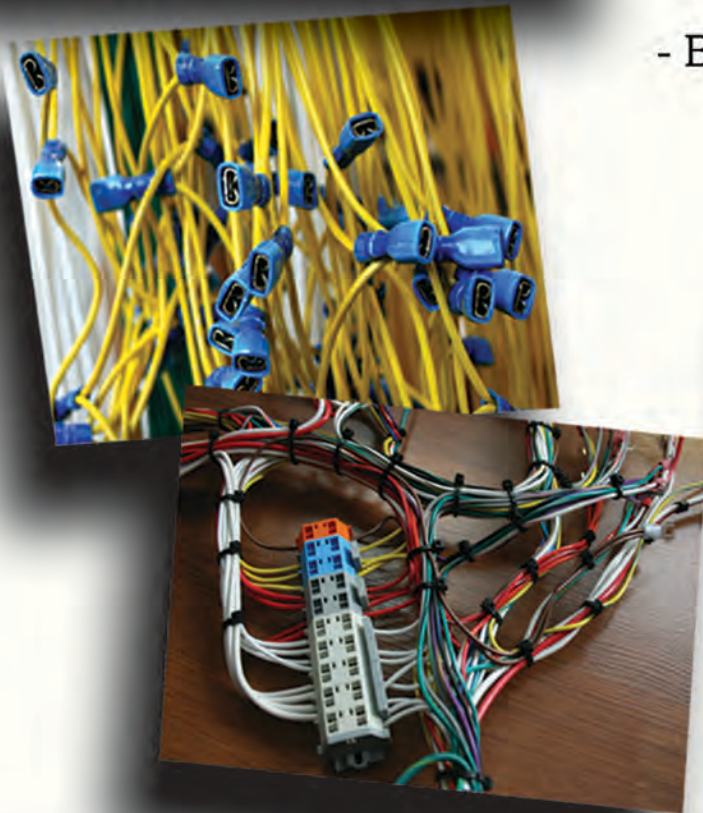

Challenge the team with your harness or lead; they will make it
and when possible, improve it
