Calibration Coefficient Conversion
From HP-8510 to PNA

The calibration coefficients of Calibration Kits designed for the HP-8510 have to be converted in order to use them on PNA Network Analyzers. Agilent Technologies has a program to convert the coefficients and to generate a file for the PNA Analyzer. The size of the program is too large to e-mail and should be downloaded from the links given below.

The following links can be found by using GOOGLE and entering: **pna cal kit editor** into the search box.

PNA Series Data-Based **Cal Kit Editor**. Information on the Data-Based **Cal Kit Editor**. This Calibration **Kit Editor**, now part of firmware A.04.06 and above, …
