I wonder where the beacon is?

We have to find it before the boys do!

I think it's over there.

Hmm... I wonder where that beacon is?

Acknowledgements

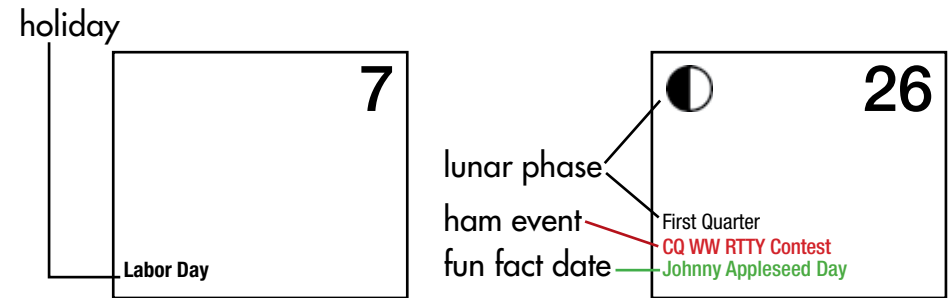

Many ham radio operators see the year a little differently than the rest of the greater population. They tend to mark the year from North America's largest ham radio gathering, the Dayton Hamvention®, to the following Hamvention®. With that spirit, The Adventures of Zack and Max continues with our 2009 – 2010 Dayton-to-Dayton Calendar. Follow along from each month with Zack, Max, Mady and all their friends! For more information on what's happening in the ham radio community visit www.icomamerica.com as well as www.arrrl.org and www.cq-amateur-radio.com. We would like to thank our illustrator, Kay Nakajima, as well as our proofreaders at Lake Washington Ham Club. We hope that this calendar inspires you to get on the air and have fun with your ham radio license. And if you ever get the chance to go to the Dayton Hamvention®, be sure to check out the Icom booth and see Icom's latest innovations!

For special dates that are part of your year, we've included a sheet of colorful peel and stick stickers.

Calendar key:

The colors on the calendar dates represent different kinds of events: Lunar phases and asteroid showers are in a thin black type; Holidays, large and small, are in bold, black type; Red is for ham events known at the time of printing (we regret if we have missed your special ham event). And green are for those fun fact dates that interest kids of all ages. Examples shown below were taken from the month of September.

About Icom Inc.

It was 1954 when Mr. Tokuzo Inoue, JA3FA, founded Icom Inc in Osaka, Japan. Icom Inc is now a publicly held Japanese corporation; its stock is traded on the Tokyo and Osaka Stock Exchange. Icom Inc. began as an engineering and manufacturing company in the business of designing, engineering, and manufacturing highly advanced, compact solid-state radio equipment for use in the amateur industry. The company's product line has since expanded to include communications equipment and products based in the marine, avionics and land mobile industries.

Icom Inc. has sales and branch offices all over the world. Icom America is Icom Inc.'s largest subsidiary and, with the exception of Canada and Cuba, is responsible for Icom's presence in the entire western hemisphere. Icom America was incorporated in 1979; we are pleased to be celebrating our **30th year of business this year!**

Activities for young hams: Kids Net

“CQ, CQ”, calling all school-aged kids! Setting up a “Kids Net” is a great activity for ham clubs! Clubs can get in touch with their local Amateur Radio Emergency Service (ARES) groups to get more information. Emergency networks (nets) are groups of local amateur radio operators who use the same frequency and associated side frequencies to support emergency relief measures in their areas. Younger hams can use their own net to share in this experience and master how to listen, follow conversations, and the procedures of the net. They need to give their call sign, first name only, their city and state location (or country if outside the United States) and say “no traffic” unless they have a message (traffic) to give to the entire group. It’s a fun way to grow the hobby and serve the community!

There are clubs throughout America that participate in this kind of activity. Here’s an example of a Kids Net:

The Lake Washington Kids Net can be found on the K7LWH Repeater, 145.490 (-) tone 103.5, or on IRLP reflector node #9255. For dates and times and more information visit their web site. www.lakewashingtonhamclub.org

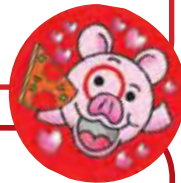

For more information about ARES and the ARRL visit: www.arrl.org/FandES/field/pscm/sec1-ch1.html

Activities for young hams

Each month in this calendar has activities your club can do with your younger members! Here are just a few more ideas to get you started:

- Parade communications marshals – for various charities
- Weather monitoring
- Safe ride home programs
- School recess monitoring programs
- Outreach with both Girl and Boy Scouts
- Kids day and School ham radio day
- Space Station demo
- Fox hunts
- Lighthouse weekend
- Swap meets and local ham club events

Having fun with D-STAR

Have you ever thought about accessing the Internet from your ham radio? Ever wanted to send a simple text message through your hand-held radio, or instantly identify the call sign of someone talking on air? Or maybe wondered if you could use GPS tracking through your ham radio? Then D-STAR is for you! D-STAR stands for Digital Smart Technologies for Amateur Radio, and this digital voice + data protocol is quickly taking hold everywhere! With D-STAR you can get clearer voice, advanced features, Internet access, and more! It all depends on what equipment you use and how far you want to explore! D-STAR is capturing the attention of a new generation of hams, bringing new opportunities and restoring public service relevance to our hobby. Get in on the fun!

www.dstarusers.org Here you can find out who is communicating on D-STAR, forums, the latest news and information, maps of D-STAR repeater locations and more.

www.icomamerica.com/en/products/amateur/dstar/dstar/default.aspx For frequently asked questions about D-STAR, more forums, and info on D-STAR capable equipment.

www.d-rats.com Free D-STAR software for text chatting, file transfers, position reporting and mapping, and more!
