

NIMBUS®

**PRE-INSULATED
CONNECTORS**

FLEX M E C H A N I C A L **MOTORS**
BROAD WIRE RANGE

2X S H A P E S

M E C H A N I C A L **MOUNTABLE**

The Industry's Broadest Selection of Pre-Insulated Connectors

- Eliminate electrical tape or twist-on wire caps, save time and money
- Range-taking feature reduces inventory requirements
- For use with copper or aluminum conductor
- Patented set screw eliminates ferrules, making connectors re-usable

NIMBUS4FLEX: Your Flex Wire Solution

- Mixes any wire class and material via staggered ports
- NIMBUS 2X allows for in-line splicing of mixed material
- NIMBUS SHAPES for confined space applications
