

**i**nterplex Mexico is the presence in Latin America of Interplex Industries, a group of companies that was founded in New York almost 50 years ago and, since then; it has adapted itself to the demands of globalization. Its specialty is precision metal stampings and because of the complexity and size of its products, it has always been at the forefront of the requirements of the electrical and electronics industries. These small, precision metal stampings are a vital part of a wide array of electronic products.

INTERPLEX Mexico was established in 1999, until then, we have developed many new and innovative applications for automotive, telecom, connectors, potentiometer clamps. The company's proprietary of reel to reel precision metal components with very close tolerances and high repeatability.

## FAST FACTS

- Square Footage: 15,241ft<sup>2</sup>
- Employees Number: 70-100

## PRODUCTION CAPABILITIES

- More than 10 presses
  - Ranging in size from 15 to 165 tons.
  - 50 to 900 strokes per minute (SPM) depending on the size and complexity.

## QUALITY

- ISO/TS 16949:2002 and ISO 9001:2000
- PPAPS (Production Part Approval Process)
- FMEAs (Failure Mode and Effects Analysis)
- Control plans and Flow Charting.

## VALUE ADDED SERVICES

- Full integral solutions for your needs
- Assembly

## APPLICATIONS

- Brackets
- Connectors
- Contacts
- Lead Frames
- Shielding
- Switches
- Multipurpose

## DESIGN TOOLS

- SolidWorks
- CAD

## SERVICES AND PRODUCTS

Precision Metal Stamping

Potentiometer Clamp Rings

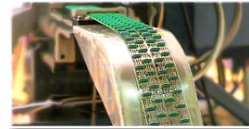

Heat Treatment

Overmolding

Prototypes

Tooling

**Value Added Services**

## STRATEGIC FRAMEWORK

### MISSION

- Our mission is to manufacture innovative precision metal stampings, overmolded components and to supply assembly and value added services using advanced and effective cost technologies to add value to our customers, to our company, and to our community.

### VISION

- To consolidate our operation as the leader in Mexico in innovative precision metal stampings, overmolding and value added processes improving our quality and efficiency.

## CONTACT US

- INTERPLEX Mexico  
Carretera Base Aerea 5850 Modulo 21  
Parque Integral  
Zapopan, Jalisco, 45019  
Mexico
