Interplex Nascal
Reel Fasteners

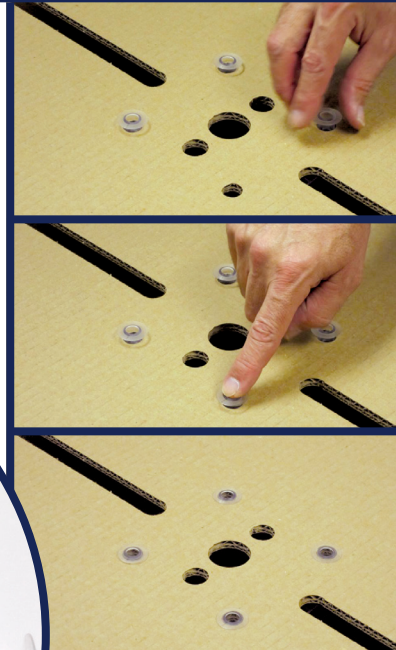

Quick-Release Reel Fasteners

A New User-Friendly Reel Fastening System:

- Fast and Easy protective packaging concept that allows for part access and inspection
- Prevents damaging cardboard reel during the process
- Optimal for corrugated cardboard and plastic reel sides

Cost-Effective and Environmentally Friendly

- Plastic Fasteners and Hubs are reusable
- Plastic and Cardboard are 100% recyclable
- ISO 140001

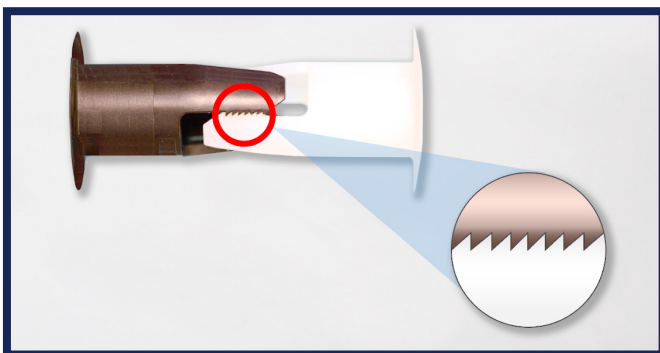

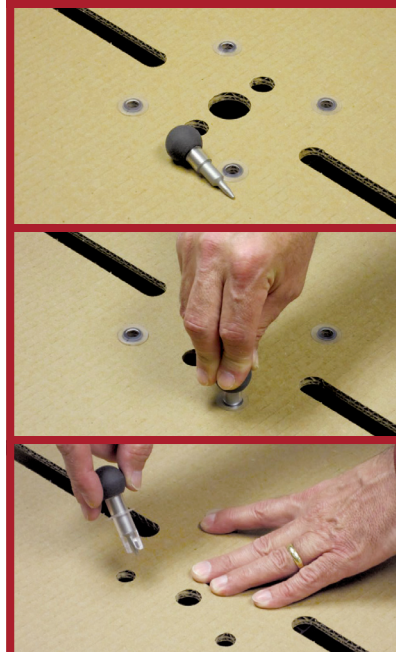

ASSEMBLY

Clips can be pressed by hand. An assembly fixture will make the process go smoothly.

DISASSEMBLY

Insert the extraction pin into the clip and pull.

Simple assembly and just as simple disassembly
