Confirmation of REACH Regulation (EC) No. 1907/2006

In line with Regulation 1907/2006/EC of the European Parliament and the Council of

18 December 2006. REACH stands for Registration, Evaluation, Authorisation and Restriction of Chemicals and entered into force on 1 June 2007. This Regulation is intended to improve the protection of human health and the environment of risks that can be posed by chemicals, while enhancing the competitiveness of the chemical industry in the EU.

The ipf electronic gmbh is aware of the current undertakings. Sustainable action is the basis for our business decisions. We consider compliance with applicable laws, European directives and regulations as primary objective of our corporate policy and essential for our business activities.

According to the REACH definition, as trading and manufacturing company we are classified as downstream user and manufacturer of products.

We, the

ipf electronic gmbh

hereby confirm that products and its packages delivered by us do not contain any substances containing more than 0.1 % by weight (w/w) that

- are named within the current published candidate list in Annex XIV of the REACH Regulation, and
- are classified according to categories 1 and 2 in the Annex of Regulation 67/548/EEC or in the GHS- / CLP-classification as CMR-substance.

During construction and when properly used, from none of our products and merchandise any substances are released (art. 7 REACH Regulation).

We are obliged to inform our clients immediately if there are substances in the products delivered by us containing more than 0.1 % per weight (w/w) that will be added to the candidate list of Annex XIV of the REACH Regulation or were transferred to Annex XIV of the REACH Regulation.

Best regards
