E-Learning Platform

All the webinars are performed using Libelium's e-learning platform that allows to:

• Share your webcam and your microphone (VoIP).

• Share your screen (desktop, applications or programs).

• Share different kinds of documents (pdf, presentations, docs).

• Draw or write into these documents or even give the control to other participants.

• Share files or web links.

• Share a whiteboard to draw diagrams.

• Ask questions directly to the teacher. Individual or collective answers.

• Make polls.

• Take notes.

• Private or public chat.

• Show your state to the teacher (rise your hand, ask for speak louder, etc).

Resources and Material

It is advisable that attendees have at least:

• 1 Waspmote

• 2 XBees

• 1 Waspmote Gateway

• 1 SD Card (provided by Libelium)

It is also advisable that attendees have installed the IDE on their computers and that they have a minimum knowledge about the platform so that they can create, compile and upload a new program to the Waspmote board.

Language

The webinars will be taught in English unless all the attendees are Spanish-speaking.
