

# 3

# SLB3-63 SERIES

## MINIATURE CIRCUIT BREAKER

### Application

SLB3-63 is newly developed MCB with beautiful appearance and high performance. It is working in normal lighting distribution system for overload and short-circuit protection. SLB3-63 MCB conforms IEC/EN 60898-1 standard.

### Features

- SLB3-63 MCB is designed to be beautiful and novel
- Colorful handles for SLB3-63 can be customized
- Better material is adopted for long-term use
- MCB is complying with IEC/EN 60898-1 standard

### Specification

Model	SLB3-63
Poles	1P, 2P, 3P, 4P
Characteristics	B, C, D
Nominal current (A)	6, 10, 16, 20, 25, 32, 40, 50, 63
Nominal voltage (V)	AC230/400
Frequency (Hz)	50/60
Rated breaking capacity	4500A
Standard	IEC/EN 60898-1

#### Remarks:

1. OEM and custom services is available;
2. Details of MCB should be informed before ordering;
