## JONATHAN PALMER

CHIEF EXECUTIVE, MOTORSPORT VISION

**W**e're looking forward to another outstanding year at MSV's circuits in 2017, with a superb line-up of race events on two, four and even six wheels set to entertain this season. With a number of family-friendly themed festivals included for good measure, this fixture guide sets out a comprehensive selection of brilliant days out.

The UK's biggest motor racing championships return en masse, with MCE British Superbikes leading the way and boasting its strongest line-up in years thanks to the return of 2015 champion Josh Brookes and 2014 World Superbike Champion Sylvain Guintoli. We're anticipating bumper grids once again in British Touring Cars, whilst the prestigious Blancpain GT Series retains its status as

the Brands Hatch Grand Prix circuit's flagship international event this May. Meanwhile the British GT Championship and the MSV-run BRDC British Formula 3 Championship co-headline one of the strongest race packages in the UK, and will feature at Oulton Park, Snetterton and Brands Hatch, whilst the British Truck Championship continues to draw big crowds, particularly at the season-closing Guy Fawkes spectacular at Brands Hatch – a real showstopper!

The ever-popular American SpeedFest returns to Brands Hatch in June for its fifth edition, with the NASCAR Whelen Euro Series leading the on-track action as visitors revel in all things Americana off-track. Festival Italia celebrates the magnificence and splendour of the Mediterranean nation's automotive prowess in August, whilst Deutsche Fest,

new for 2017, will bring together the might of German motoring success with a carnival atmosphere filled with traditional oompah bands, beer tents and much more just one week later.

Other highlight events for 2017 include a number of historic and vintage race meetings, such as the celebrated Oulton Park Gold Cup on August Bank holiday weekend, whilst the iconic British marque of Mini is celebrated with festivals at three of our circuits.

Additionally, MSV offers a huge number of track days and driving experiences throughout the year, with full details included within this guide.

I wish you all an enjoyable and successful 2017 and I look forward to seeing you at our circuits throughout the year!

# MCE INSURANCE BRITISH SUPERBIKE CHAMPIONSHIP

## 7 ROUNDS AT MSV CIRCUITS

@OfficialBSB  facebook.com/britishsuperbike 

**The MCE Insurance British Superbike Championship (MCE BSB), the world's most exciting domestic two-wheeled racing series, returns to all the MSV race circuits in 2017, with the most tantalising rider line-up in its history.**

Five-time champion Shane 'Shakey' Byrne will have to work harder than ever before if he is to claim a sixth crown. Title defences are notoriously difficult at the best of times, but Ducati ace Byrne will have his hands full as a number of big names return to the championship for this season.

2014 World Superbike Champion Sylvain Guintoli heads back to the UK with Bennetts Suzuki, whilst Josh Brookes, one of Byrne's fiercest rivals, returns to the championship he won for Yamaha in 2015 onboard a similar machine. Davide Giugliano is another World

Superbike Championship front-runner coming to our shores, riding for Tyco BMW alongside Christian Iddon.

Plus, British contenders Leon Haslam, James Ellison, Dan Linfoot and Luke Mossey will all remain in the series, guaranteeing the championship will be as strong as it has ever been.

MCE BSB's seven visits to MSV circuits will include the annual Cadwell Park 'Party in the Park', a highlight of any season at the Lincolnshire circuit, the opening round of the championship Showdown at Oulton Park, and a triple-header season-finale on the Brands Hatch Grand Prix circuit.

Each round will feature at least two MCE BSB races, plus a high-quality support package which will include rounds of the British Supersport Championship.

**DUNLOP**

MSA British Touring Car Championship

# DUNLOP MSA BRITISH TOURING CAR CHAMPIONSHIP 4 ROUNDS AT MSV CIRCUITS

**The Dunlop MSA British Touring Car Championship will bump and barge its way through 2017 in spectacular fashion as a packed grid of determined drivers battle for the UK's biggest prize in car racing.**

Last year's championship featured a record 12 different race winners, and a spectacular eight-way title battle that was won by Honda Racing's Gordon Shedden. The Scotsman will be aiming for a record-equalling fourth title this year, but to do this he needs to beat a formidable opposition that includes fellow three-time champion team-mate Matt Neal, double champions Jason Plato and Colin Turkington, and 2013 champion Andrew Jordan, who moves to the crack WSR BMW squad.

In addition to the five champions, there's a huge pool of race winners that includes Motorbase's Mat Jackson (Ford), plus impressive youngsters Tom Ingram

(Speedworks Toyota) and Adam Morgan (WIX Racing Mercedes). New drivers are expected to join the established favourites, whilst the return of Vauxhall and former title contender Tom Chilton could spring a surprise.

The 2017 championship kicks off at Brands Hatch in April on the Indy circuit, before a festival atmosphere at Oulton Park in late May for what is traditionally the BTCC's most popular round. Snetterton gets the second half of the season underway in style with a summer party on the 300 circuit, and the title will almost certainly be decided with a fierce fight on the Brands Hatch Grand Prix circuit in October.

BTCC events offer great value for money, with three rounds of tin-top entertainment, plus a huge support bill of non-stop action that includes the Renault UK Clío Cup, Porsche Carrera Cup GB, Ginetta GT4 Supercup, Ginetta Juniors and British F4.

# AMERICAN SPEEDFEST V BRANDS HATCH 10/11 JUNE

**Kent's Brands Hatch will transform into a living and breathing recreation of Route 66 at American SpeedFest V this June. This two day event is the biggest celebration of US motoring you'll find at any racing circuit on this side of the Atlantic.**

Racing will be influenced by the 'wild west' with headline action from the outlaws of the NASCAR Whelen Euro Series, which brings with it all of the razzmatazz and drama of American sport. With fender-to-fender drafting, grizzling V8 engine tones, colourful liveries, and a little carnage, this is the closest thing to a NASCAR Sprint Cup race you can see in the UK.

Sunday's showpiece NASCAR race will receive the full American works, with a bombastic opening ceremony featuring driver introductions, cheerleaders, and a spine-tingling Star Spangled Banner. This trend will continue with the post-race celebrations on Victory

@BrandsSpeedFest  
facebook.com/AmericanSpeedfest

Lane, allowing fans to enjoy the moment and celebrate with the drivers.

Additional racing will include historic V8 muscle cars such as Ford Mustangs and Corvette Stingrays, and US-style Pickup Trucks. The track will be used for demonstrations too, with everything from parades to historic car demonstrations and novelty performances.

SpeedFest's off-track show is set to trump previous editions as the circuit's surrounds are reconfigured to resemble a massive Daytona Beach cookout. Expect muscle cars, trucks, and bikes as far as the eye can see, with great food, music, stunt shows, and much more.

## BRITISH GT AND BRDC BRITISH F3 CHAMPIONSHIPS 3 ROUNDS AT MSV CIRCUITS

Two of Britain's most prestigious racing championships form a superb package as the British GT Championship, featuring a sumptuous line-up of supercars, and the BRDC British Formula 3 Championship, which sees the Grand Prix stars of the future compete in thoroughbred single-seaters, return in 2017.

The British GT Championship is the home of exotic sportscar racing on these shores as an incredible grid of striking supercar machinery, which regularly reaches over 30 cars, does battle across a number of feature length races across the season. Stunning creations from Ferrari, Bentley, Lamborghini, BMW and many more will star with thunderous engine notes, glistening bodywork and outlandish aerodynamic parts providing an incredible spectacle.

Each British GT weekend features no fewer than two hours of supercar action, with pit-stops, driver changes

and a pro-am competitor dynamic all providing an intriguing combination.

BRDC British Formula 3 is the UK's leading single-seater championship, as a bumper grid of young guns learn their craft in high-powered cars which provide thrilling racing action and drama.

Previous winners of the British F3 Championship include legendary figures such as Ayrton Senna, Mika Hakkinen and Daniel Ricciardo, so there is every chance that you could be watching an F1 superstar of the future honing their craft.

This package visits Oulton Park, Brands Hatch, and Snetterton this season, with the GT action complemented by three BRDC British F3 races and a packed support programme at each event.

# BRITISH TRUCK RACING CHAMPIONSHIP

## 3 ROUNDS AT MSV CIRCUITS

**The British Truck Racing Championship (BTRC) creates a spectacle unlike any other in UK sport, with five-tonne, 1,000 horsepower, racing HGVs. You can watch these behemoths take centre stage at Brands Hatch and Snetterton this season and, with no fewer than eight truck races per weekend plus a host of off-track activities, these events make great family occasions.**

These racing leviathans are deceptively quick, laying down colossal quantities of torque through six wheels as they accelerate to 100mph as rapidly as a Porsche 911! Fans should watch out for plenty of powerslides out of the slower corners too – these monsters move about unlike anything else you can see on-track in 2017.

This season's highlights will include two massive Brands Hatch events; a season opener to warm you up

following the winter layoff, and the Guy Fawkes Night fireworks spectacular in November, which also features a massive funfair and plenty of other attractions – this is one of the highlights of the MSV race season and a real late-season crowd pleaser so ink it into your diaries now!

The Snetterton event provides stunning entertainment too as the trucks manoeuvre and powerslide their way through the infield section, surrounded by panoramic spectator banks filled with fans.

Each truck event will include a full line-up of support races, plus plenty to do for children of all ages and the young of heart away from the track.

## BLANCPAIN GT SERIES BRANDS HATCH GP - 6/7 MAY

**Get set for a supercar spectacular in May, when the prestigious Blancpain GT Series Sprint Cup headlines a weekend of high performance action at Brands Hatch.**

The Blancpain Sprint Cup features the planet's finest supercars including stunning machinery from Audi, BMW, Lamborghini, McLaren and Mercedes. Not only do these incredible cars look great, but they produce a stirring soundtrack as they blast down the Grand Prix circuit's high speed back straight.

The grid will also feature some of the world's best sportscar drivers, who'll be wringing every last drop of performance from their cars as they fight for victory. Many former Grand Prix racers have tackled the championship, and since Blancpain's first appearance three years ago, Alex Zanardi, Bernd Schneider and Markus Winkelhock have returned to the famous track.

Main raceday is headlined by two one-hour encounters,

with breathless action from start to finish from a field that is expected to include more than 30 supercars. Blancpain Sprint Cup races also include pit-stops for fuel and driver changes, adding further spice to the entertainment.

There's more high-octane fun from a great support race programme that will include sportscar action from the GT4 European Series Northern Cup, which features cars from Aston Martin, BMW, Maserati, Porsche and more. Also racing will be the Lotus Cup Europe series, with a range of thoroughbreds from the famous British marque.

The supercar theme extends beyond racing, with high-speed demonstration runs from priceless hypercars rarely seen running in anger. In addition, there will be a huge display of exotic cars on main raceday, providing the perfect opportunity to get a closer look at some stunning machines.

## FESTIVAL ITALIA BRANDS HATCH - 13 AUGUST

**Festival Italia returns to Brands Hatch this August following a successful debut last year, continuing to expand on the evocative nature of Europe's most emotive motoring nation.**

This event celebrates the diverse history of Italy's formidable automotive giants, including Ferrari, Lamborghini, Alfa Romeo, and Maserati, with a fantastic programme of racing, demonstrations, displays, and parades starring breathtaking machines. Allied with a sumptuous spread of themed off-track activities, this grants Festival Italia its very own, unique identity.

Star Italian stallions will include cars from the nation's legendary Grand Prix past – from Ferrari to Minardi, Italy has produced many of the sport's most popular teams. Italian road cars are just as stunning – few cars are prettier than the Lancia Stratos or more imposing than the Ferrari F40 – so specially-selected examples will join in with the demos and parades.

One of the main draws off the circuit will be massive vehicle displays which will transform the circuit's surrounds into a Sicilian car park. From Fiat, to Abarth, via Lancia, Pagani, and Autobianchi, with swarms of Vespa and Lambretta scooters thrown in too, there will be countless examples of the nation's most beautiful machinery.

Away from the cars, there will be plenty to see and do, ranging from market stalls to opportunities to sample exquisite Mediterranean cuisine. There will also be live music, wine tasting, and family entertainment with much more to be confirmed.

## MASTERS HISTORIC FESTIVAL BRANDS HATCH GP 27/28 MAY

**The Brands Hatch Grand Prix circuit will relive its F1 glory days with a Bank Holiday celebration at the end of May featuring sublime headline entertainment from the FIA Masters Historic Formula One Championship.**

This year marks the golden anniversary of Formula One's most successful engine – the Cosworth DFV – and this event will celebrate this particular piece of engineering heritage. The Historic F1 races will include many cars from the DFV era, including machines from Lotus, Tyrrell, McLaren and Williams, many of which contested Brands Hatch Grands Prix in the period. Resplendent in their original liveries, these evocative machines recall a time in which Kent was a frequent stomping ground for James Hunt, Niki Lauda and Emerson Fittipaldi.

The DFV celebration will incorporate a number of demonstrations and displays for significant cars from the era too, so there will be surplus retro F1 fervour.

Other highlights will include the FIA Masters Historic Sports Cars, which recalls the venue's heritage as the host of 1000km endurance races. Look out for some beautiful machines here, including Ford GT40s and Lola T70s.

The line-up will abound with other exciting classes, varying from GT races to thrilling classic touring car bouts, and historic single-seaters all of which will look perfectly at home on a circuit layout that has changed little over the years.

## THE OULTON PARK HISTORIC GOLD CUP OULTON PARK - 26/27/28 AUGUST

THE HSCC  
OULTON PARK  
GOLD CUP

**The jewel in Oulton Park's racing calendar remains on August Bank Holiday weekend, as the venue waltzes down memory lane for three days of non-stop nostalgia. Former winners of the cup include Stirling Moss, Jim Clark, and Jackie Stewart, and the event remains as popular as ever in its current guise as the biggest historic meeting in the north west.**

This year's event will be headlined by the Historic Formula 2 FIA International Series, a newcomer to the programme. Featuring cars from the late '60s through to the early '70s, these machines will recall a category in which a number of F1 drivers were discovered. Indeed, during this period it wasn't uncommon for F1 drivers to take part in the F2 races alongside their Grand Prix commitments!

It's not just the '60s and '70s that will be celebrated, as the Super Touring Cars return for a barnstorming

recreation of the British Touring Car Championship's most fondly remembered era. Stunning manufacturer-prepared saloons from manufacturers such as Peugeot, Vauxhall, BMW, Ford, Alfa Romeo and countless others will share the spotlight in what promises to be one of the weekend's biggest draws.

There will be plenty more to enjoy, including powerful F5000 single-seaters in the Derek Bell Trophy, the zenith of British sports car design in the Jaguar Classic Challenge, and plenty of extra classic tin top, GT and open-wheel races.

Off-track treats will be plentiful too, with massive historic car displays, family-friendly activities, and themed attractions to keep you in the retro mood.

## DEUTSCHE FEST BRANDS HATCH - 19/20 AUGUST

**Brands Hatch will add another themed show to its portfolio in August with Deutsche Fest, an all-new, two-day pageant of precision and German horsepower.**

From rear-engined Grand Prix machines, to affordable family cars, the Germans have been pioneers in pretty much every realm of automotive design. This new festival will serve as a tribute to that with an on-circuit programme headlined by races for German sports and saloon cars. These will share the circuit with demonstration runs of significant vehicles from Germany's automotive history including a high-performance German car shootout.

Legions of loyal German car owners will be invited to take part in on-track 'run what ya brung' sessions as well as show off their cars in extensive off-track

static displays, which are sure to feature a wide range of German vehicles including VWs, BMWs, Audis and Porsches, plus motorcycles.

Off-track attractions will include an extensive campsite, a live action arena and a large presence from the aftermarket modification community, alongside German food and an Oktoberfest-style beer tent.

Following hot on the heels of the success of American SpeedFest and Festival Italia, Deutsche Fest will add further colour and character to the Brands Hatch calendar.

## ALL-NEW MANUFACTURER THEMED EVENTS

### VW BUDBURG, OULTON PARK – 6/7 MAY

### FORD POWER LIVE, SNETTERTON – 22 OCTOBER

**MSV is adding yet more new events to its calendar this year, as it remains committed to offering a wide variety of high-speed days out for customers, each with their own distinct character and atmosphere.**

Key new additions will include VW Budburg at Oulton Park, a weekend-long VW camp out for all the family, and Ford Power Live at Snetterton, an event tailored for fans of cars from one of the world's great manufacturers.

Uniquely for an event at Oulton Park, VW Budburg will place primary focus on the off-track show, with a lively, yet chilled-out campsite, filled with VW Camper vans new and old. Plus, there will be a wealth of entertainment for all members of the family.

Budburg will be headlined by the VW Beetle-based Fun Cup on Saturday before full attention shifts towards the off-track programme in the evening. There will be trade stands, outdoor movies, music, and much more.

Ford Power Live (FPL) will be a carnival of Blue Oval power, starring retro and modern road cars, race cars, and commercial vehicles. There will be themed off-track activities, displays, stunt shows, and much more, whilst there will be high-speed action on the track including demos and opportunities to take your own car on track.

Other star attractions at FPL will include demonstration runs from Ford-powered Formula 1 cars, with action simultaneously taking place on the 100 and 200 circuits to ensure there is always loads going on!

## MINI FESTIVALS 3 EVENTS AT MSV CIRCUITS

**The Mini Festival returns to Brands Hatch and Oulton Park in 2017 and following the huge success of previous events, Snetterton will also be hosting a weekend in May dedicated to the diminutive motoring classic.**

From the 1959 original to the modern-day BMW incarnation, now in its third generation, the Mini remains an enduring icon, with thousands of fans across the country, many of whom will head to Brands Hatch, Oulton Park and, for the first time, Snetterton to celebrate their favourite car.

Each venue will be filled with the many different variations on the Mini theme, from the sporting Coopers to the Clubmans, vans, plus Countryman estates and SUVs. The festivals are supported by the myriad of Mini owners clubs and traders, too.

The Mini's glorious history is greatly embellished by its sporting prowess, and the festivals centre around a superb programme of racing. The very latest car is showcased in the MINI Challenge series, whilst fans of the classic original will thrill to the Mini Se7en, Mini Miglia and Mighty Mini classes. Mini Festivals also feature special historic and allcomers races, with competitors travelling from across Europe to compete in cars ranging from the weird to the wonderful.

Four sensational car shows will bring the very latest and hottest in high-performance to MSV's circuits in 2017, with immersive fast and furious entertainment on and off the track.

The season gets underway with Modified Live at Cadwell Park on May Day Bank Holiday, with track action headlined by the opening round of the 2017 Time Attack Championship. Some of the wildest machines in motorsport will be put through their paces in a high-speed contest against the clock with classes for road, race and classic creations.

Time Attack returns for the remaining three events, starting with Petrol & Pistons at Snetterton in June. The Norfolk venue will be filled with a variety of high performance cars.

Brands Hatch and Oulton Park will host the Tunerfest events during the summer, where the very best in high-

performance is celebrated, including some very exotic creations. Nothing is left out at Tunerfest, which also features rare and coveted supercars on display.

All four events will include high-speed demonstrations from the fastest machines, and there are often appearances from Formula 1 cars and superbikes as well as powerful single-seaters and GTs. There are also stunt shows, drifting and car club displays to enjoy!

Visitors to these car shows don't just have to watch the action, either. There are plenty of activities to take part in, including public track time where you can take your own car on the circuit. There are also thrill rides in drift and rally cars at many events, plus you can put your own car on a dyno to test its power or display it in a show-and-shine competition, adding an exciting interactive twist to the events.

## STAGE RALLIES 4 EVENTS AT MSV CIRCUITS

**MSV circuits won't just host circuit racing this year - there will also be stage rallies at Oulton Park, Snetterton, and Cadwell Park, all of which will count towards the MSVR-administered Motorsport News Circuit Rally Championship (MNCRC) which enters its second season in fine health.**

These meetings offer up a unique opportunity to enjoy watching cars tackle unusual circuit configurations which include sections of the track and venue access roads in a series of bespoke rally stages. Other variations on the formula will include cars taking on sections of the circuit in the reverse direction, stages running into dusk, and challenging obstacles such as jumps and water splashes.

The MNCRC enjoys a wealth of entries, attracting all kinds of cars tackling the various stages. From retro rally

icons such as the Ford Escort, to modern day World Rally Championship-specification specials from Subaru and Mitsubishi, you will see them all.

The first of these will be the Snetterton Stage Rally on Sunday 19 February ahead of the Alan Healy Memorial Rally at Cadwell Park in April – the 2016/17 season finale.

The championship starts afresh in November with the Neil Howard Stage Rally closely followed by an event at Cadwell Park two weeks later.

These two events combine an exciting rallying spectacle with a bonfire and fireworks display to provide a great family day out.

## CLUB CAR AND BIKE RACING GREAT VALUE RACING FROM JUST £10

**Most weeks from March to November at Brands Hatch, Oulton Park, Snetterton and Cadwell Park.**

Almost every weekend of the year you can find an oasis of motorsport on two wheels or four at our circuits thanks to a rich tradition of club racing championships that travel the nation.

Some of our club events, like the Brands Hatch Formula Ford Festival in October, are eagerly-awaited annual fixtures that draw fans from across the country. Many of the organising clubs, such as the 750 Motor Club or MSVR, have developed a reputation for events featuring packed timetables that attract a strong spectator following.

Club Car events can include categories for anything from small F1-style single-seaters to hatchbacks, saloons, sports cars and Le Mans sports-prototypes. There are many clubs catering for classic cars too, adding a nostalgic dimension that includes the

colourful sights, sounds and smells of motorsport's halcyon era.

Two-wheeled weekends offer a huge variety of classes, from small-capacity two-stroke machines to powerful superbikes and beyond. Many of these events include races for the spectacular sidecars too. A trip to Cadwell Park is highly recommended for bike fans, for the Lincolnshire Wolds track presents a challenge that is irresistible to competitors, making it the number one venue in the UK for motorcycle racing.

In addition to providing thrilling entertainment, club racing has also provided a training ground for many famous racers, from Touring Car racers to Superbike stars. It's entirely possible that you may be witnessing the beginnings of a stellar career at one of these events.

Best of all, club racing is an extremely cost-effective way to enjoy motorsport, with admission prices starting at just £10 for a full day of sporting entertainment!

## BRDC BRITISH F3 CHAMPIONSHIP THE UK'S LEADING SINGLE-SEATER CHAMPIONSHIP

**The BRDC British Formula 3 Championship is run by MSV and is recognised as the UK's leading single-seater series, with an international grid of talented young hotshots dicing wheel-to-wheel in one of the most exciting categories anywhere in the world, as they pursue their dreams of reaching the pinnacle of motorsport.**

After a brief hiatus, the British F3 name returned to the UK motorsport scene in 2016 with an all-new Tatuus-Cosworth car, positioning BRDC British F3 as the perfect stepping stone from FIA F4 to European F3 and GP3.

Single-seater heavyweights such as Carlin, Fortec Motorsports and Double R Racing joined the championship in 2016 and it was Brazilian Matheus Leist who followed in the wheeltracks of his compatriot Ayrton Senna to claim the British F3 title, following a year-long battle with Brit Ricky Collard.

Meanwhile multiple race winner Lando Norris was named the winner of the prestigious McLaren Autosport BRDC Award, following in the footsteps of 2015 winner Will Palmer.

The 2017 championship will consist of 24 hard fought races over eight rounds, as it visits the very best circuits in the UK, including the Grand Prix tracks at Brands Hatch, Donington Park and Silverstone, whilst also heading to the legendary Spa-Francorchamps in Belgium for three races.

The 2017 grid is set to be littered with brilliantly talented aspiring F1 stars as a number of drivers make the step up from FIA F4. Others return for a second season of British F3, including Enaam Ahmed and Ben Hingeley, whilst a number of drivers will move to Britain from abroad to test their skills in one of the most fierce and competitive junior single-seater environments around.

For the thrill of a lifetime, MSV offers a range of fantastic driving experiences at its Brands Hatch, Oulton Park, Snetterton and Bedford Autodrome circuits, giving everyone the opportunity to follow in the wheel tracks of F1 World Champions Jenson Button and Lewis Hamilton.

The ultimate track sensation is the new F4 Master at Brands Hatch, the most authentic single-seater driving experience in the UK, which allows guests to pilot a genuine open-wheel racing car, as raced in the BRDC F4 Championship from 2013 to 2015.

F4 Master is available for £229 and features expert tuition behind the wheel of a powerful BMW M4 Coupé, before moving on to the state-of-the-art single-seater, with more power, higher revs and a seamless paddleshift gearbox.

The classic single-seater RaceMaster experience continues to operate at Oulton Park.

Alternatively you can learn to slide a works-prepared rally car through a purpose-built rally stage with our RallyMaster experience in our spectacular rear-wheel-drive Toyota GT86, or traverse waist-high water passes, steep climbs, and sheer drops in a legendary Land Rover Defender with MudMaster.

You can buckle up from as little as £99 with our Ignition voucher, which gives a taster version of the popular M4 Master, RallyMaster and MudMaster experiences. High octane passenger rides are also available from £29.

Children aged 11-17 and over 4'8" tall can also get behind the wheel in the latest MINI One with our renowned YoungDrive! introductory lesson. For more information and to book visit [www.youngdrive.com](http://www.youngdrive.com)
