

Systems integrator NCAB GROUP

Do you want to join us on an exciting journey? We are looking for an experienced and driven Systems Integrator, who's main responsibility will be to simplify our business processes through EDI integrations with our clients and suppliers.

About NCAB

NCAB Group (www.ncabgroup.com) is one of the world's largest pcb producers. Headquartered in Sweden, with 270 employees in 13 countries from China to the US, we have an annual revenue over of over SEK 1 billion. We have grown steadily since the start 20 years ago and are happy to be able to give our co-workers the opportunity to grow with us.

About the Job

We are looking for a Systems Integrator, who will be tasked with creating new EDI integrations with our international clients and suppliers. The Systems Integrator will also work with internal implementations and will be a key player in our development work, as we continuously improve our systems to meet new demands. Maintenance of existing solutions is another important responsibility. Our systems are based on Microsoft technology.

The Systems Integrator reports to the IT/SYSTEM Manager at our head quarter in Sundbyberg, outside Stockholm, and is a part of the IT Department. As NCAB is an international company, the job involves business travel and many international contacts. The job location is Sundbyberg Stockholm.

Requirements

The successful applicant should have excellent competence in EDI integration and business systems in Microsoft environments. Experience of BizTalk Server, iScala Service Connect and iScala ERP system is an advantage.

We'd like to see applicants, who are used to working independently, are good communicators and have excellent English and Chinese in speech and writing. Swedish is not required, but is a great advantage.

Previous experience from the PCB business and / or PCB production is required.
