Responsibility for Validation and Fitness-of-Use

Because Valmark Industries, Inc. (known herein as “Valmark”) has no control over the use or application of these parts, it is the sole responsibility of the OEM customer to test all custom parts for fitness-of-use and validation of design prior to acceptance of production units. Valmark Industries provides expertise in layout and consistent fabrication of high quality, reliable membrane switch, Human Machine Interface (HMI), control panels, custom graphics and labeling products. Valmark and its employees do NOT purport to be experts in the end-use application of our customers, or the environments they will be stored and/or used in.
