

ODYSSEY® Battery Hold Down Kit

Rugged construction, sleek design

ODYSSEY®
Extreme
SERIES™

Keep your vehicle moving – not your battery

You've got an ODYSSEY® Extreme Series™ battery, designed and built to withstand vibration that can quickly weaken and destroy a conventional design battery. Now get the ODYSSEY Battery Hold Down Kit, custom designed to keep your battery in place, no matter how rough the ride.

Custom made for a range of specialty ODYSSEY Extreme Series batteries, the ODYSSEY Battery Hold Down Kit features a polished aluminum finish that says you're serious about performance.

Ideal for applications requiring the mounting of an additional battery to power accessories and high-watt sound systems.

Features

- Polished aluminum finish enhances under-hood appearance
- Prevents battery movement in any configuration and/or location
- One-year warranty protects against manufacturing defects
- Includes all components required for an easy install
- Designed and precision-machined exclusively for ODYSSEY Extreme Series batteries
