

BEYOND THE TUBE

Plymouth Tube's Fabricated Tube Solutions (FTS) takes you "Beyond the Tube"

Plymouth Tube in Eupora now offers tube processing capabilities that allow you to streamline your materials supply chain. Tightly linked with the long length tubing you have come to rely on from Plymouth Tube Co. Eupora, FTS offers opportunities to consolidate your tube purchases and processing operations with one supplier. This eliminates shipping, scheduling and inventory issues, saving you money. Trust FTS to be your **One-Stop for Fabricated Tubing Solutions**.

Advantages of Plymouth's Fabricated Tube Solutions include:

- **Shorter Supply Chain**
- **Better Lead Times**
- **Faster Response**
- **Single Point Quality Assurance**
- **In-house Technical Assistance**
- **Reduced Inventory**

Leveraging Plymouth's extensive manufacturing capabilities and their strategic partnerships, FTS extends its process capabilities to include cutting-to-length, coating, bending, forming, drilling and machining. In conjunction with its extensive knowledge of various material grades, FTS has the ability to provide products and services "**Beyond the Tube**".
