

Radant MEMS Presents RF-MEMS Paper at 2003 SPIE Photonics West Symposium in San Jose, CA

STOW, MA (November 1, 2003) - Radant MEMS, Inc. (RMI) today announced its plans to present a paper on "Lifetime Characteristics of Ohmic MEMS Switches" at the 2004 SPIE Photonics West Symposium in San Jose, CA. This paper will be presented by Dr. John Maciel and it is part of the Reliability, Testing, and Characterization of MEMS/MOEMS Session.
