

Alliant

A Government-Wide Acquisition Contract (GWAC)

Get your total IT solutions faster and easier with Alliant

Benefits

- Flexible and comprehensive with broad IT scope
- Full spectrum of contract types, including cost reimbursable
- Allows for ancillary support to provide a total integrated IT solution
- Provides Management Module for transparency of contract information
- Performance-based, multiple-award 10-year contract
- High ceiling of \$50 billion
- Available to all government agencies
- Increased small business subcontracting goals

What is Alliant?

Alliant is a GWAC sponsored by General Services Administration (GSA). It greatly simplifies the task of initiating large, long-term, complex information technology (IT) projects. Alliant provides for the acquisition of computers, ancillary equipment, software, firmware, support services and related resources in delivering a total IT solution for federal agencies.

Alliant's Scope

The scope includes any and all components of an integrated IT solution, including all current and any new technologies that may emerge during the life cycle of the contract and IT systems and services in support of national security systems. Alliant provides IT solutions through performance of a broad range of services,

which may include the integration of various technologies critical to the services being acquired.

Alliant solutions are composed of one or a combination of three categories: infrastructure services, application services and IT management services.

- Regulatory development planning and resources
- IT security

Contract Facts

Title: Alliant

Contract Number: GS00Q09BGD0047

Procuring Agency: General Services Administration (GSA)

Prime Contractor: Raytheon

Customer: Any Federal Government Agency

Ceiling: \$50 Billion

Period of Performance: 5 year base and one 5 year option; 5/1/2009 - 4/30/2014; 5/1/2014 - 4/30/2019

Fees: Contract Access Fee of 0.75% of task order value (capped*)

Terms

Pre-negotiated clauses in basic contract, unique additional T&Cs can be added at task order level.

How does it work?

The agency end-user defines requirements for the Task Order Request (TOR), then chooses between two acquisition methods. End-Users can utilize GSA Assisted Services or obtain a Delegation of Procurement Authority (DPA) for Direct Orders.

TORs are provided to all Alliant contractors. Proposals (oral and/or written) are evaluated by end-user agency and GSA, if applicable. Task Order (TO) is issued to the "best value" contractor.

* Contract Access Fee capped for Direct Acquisition task orders at \$150,000 per year per individual order valued greater than \$20M/yr, and for GSA Assisted Acquisition Service task orders at \$100,000 per year per individual order valued greater than \$13.3M/yr
