Description:

因油墨印字偶有印字不牢，印字不全，过炉后印字脱落等情况，我司故将此三种主要桥式封装产品全部改成由油墨印字改成镭射印字，新货将从8月份（第30周）开始供应，起始产品周期从VG30开始

Due poor marking(like incomplete marking, fall off after soldering ) defective issue had been happen in ink marking bridge rectifier products, so RECTRON will change from ink marking to laser marking.

the first starting D/C (producing data code) will begin from VG30
