

PIPE TOOLS & VISES
SINCE 1896

**PESCRAPER12
FOR 6"-12" PIPE
NOW AVAILABLE!**

PE SCRAPER

- Prepares the outside diameter of PE pipe for electrofusion by removing the oxidized layer and contaminates.
- **Light-weight** and easy-to-use at the pipe end or anywhere along the length of the pipe.
- Takes **2 minutes** to attach to pipe and scrape 6" PE.
- Smooth-riding **ball bearing wheels**. **Revolving handle** to rotate in one continuous motion.
- Spring-loaded blade keeps consistent pressure on the pipe to yield a **smooth, finished surface**.
- Requires just **6"** (150 mm) **clearance**.
- Roller chain tensioning system allows for more **forgiveness on out-of-round pipe**.
